Pre- Primary

Field Day Out -

Christmas Carnival

Date: 24th December 2019

With Christmas bells ringing and New Year approaching, it is the most wonderful time of the year. Everyone around is in a joyful mood and excitement is in the air.

With the same spirit, 'Field Day Out - The Christmas Carnival' was organised for the students of the Pre-primary wing of DPS Hyderabad. The Pre-

Primary Wing was adorned with red and green balloons and a well

decorated Christmas tree lent a festive aura. The students and teachers were dressed in red and green attire adding to the Christmas festivities. The students were taken out in the

field and the entire field was buzzing and filled with sounds of cheers and laughter of the children. Several fun-filled

activities were planned to make it a very special and memorable day for the students. The bouncy inflatable castle and merry go round was the busiest spot as it obviously grabbed the attention of all the students. The next activity was the most awaited one was the Cotton Candy and the children couldn't get enough while giving a broad smile filled with content. This was not all, they also received their Christmas Gifts in their special 'Goodie Bags' from Santa which the children themselves decorated as per their liking.

There were many novelty races organised for the students. One could easily guess from their conversations and expressions that they had enjoyed each and every activity of the day and will cherish the moments for a long time to come.
