

Grade VIII – Creative Corner

“Others have seen what is and asked why. I have seen what could be and asked why not.”

– Pablo Picasso

Everyone has an imagination. Art takes it a step further. Through art, children create something that, until that point, was only imagined. Thus, they create visual manifestations of abstract ideas. It's a way to uncover talent that may not be seen otherwise. Art is a means of communicating ideas, feelings, and solutions in a way other than verbally or written.

Students of Std. VIII were given an opportunity to showcase their imagination through an Inter house competition – “**Creative Corner**” conducted on 12th July, 2018. Students were asked to create *Planters* from waste materials like plastic bottles or *Design something new* from old clothes. Students from each section were divided into groups of 3-4 from same house. They created beautiful planters (self-watering planters, hanging planters), cushions, soft toys, bags etc. from waste material. The competition was held in their respective classrooms under the supervision of the class teachers. The students participated with lots of zeal and enthusiasm working in an organized manner to create some very interesting displays.

Their work was judged by Ms.Laxmi Samal and Ms. Ruchi Gulati. Three groups from each section bagged first three positions.
