

Grade I - Best Out Of Waste

'We do not inherit the earth from our ancestors, we borrow it from our children.'

– Native American Proverb

To unleash the creativity of young minds a “Best Out of Waste” contest was conducted for Grade 1 on 10th of July 2018. This competition proved to be a very good means of teaching the little minds how we can make productive use of the things we generally think are waste.

In order to make children aware of uses of waste, a habit must be generated amongst children as to how to put waste to the best use. Students got a first-hand experience of practicing the importance of not wasting things and putting them to good use.

The event displayed the imagination of the kids where the waste was transformed into beautiful things. It was amazing to watch their creativity unfold and their enthusiasm reaching a different high as they progressed through the competition.
