

Grade II – Comic Strip Making

'Creativity is intelligence having fun'

Comic Strip contest which was conducted on 10 July 2018 for grade 2 students was a fun and relevant way for children to think about and share their own thoughts and stories through a comic strip. The theme was Swachh Bharat. Children were enthusiastic in exhibiting their talents and unfolding their impact on Clean India Mission. The contest encouraged young minds to bear responsibility on the importance of keeping our country clean. Students presented their ideas in colourful ways. It was indeed a delight to see their artistic skill in full swing.

List of winners
