

Grade III – Poster Making

Art provides an opportunity for kaleidoscopic thinking. Each time we shift the lens of our perceptions, we gain new perspectives — and new opportunities for innovation.

— Linda Naiman

Inter house contest 'Poster Making' for the students of Classes III, was held on 9th July 2018 in the school.

The students displayed their artistic skills through an array of posters on the given topic.

The aim of this competition was not merely to see the creative aspect but also to trigger the thought process of the children, engross the hidden talent of the students, bring out the creative expression of the students and also to gauge their awareness quotient and sensitize them towards these burning & serious issues.

Competitions of the sort increase the observational skills, response to thoughts, awareness and concern of the children towards global issues.

The students showed their abilities through art wherein they expressed their feelings in the form of quotations, paintings, sketch etc. All the students have participated with great enthusiasm and performed well.

The students of class XII were invited to judge the competition and they were very excited about the exposure and experience they were gaining through this.
