## 20 Years at DPS Hyderabad

Standing (L to R) Mr. Jagan Mohan B., Mr. Madhu Mohan M., Mr. Prem Kumar Katta, Mr. Rama Rao Desai, Mr. Jagadeshwar Rao R. & Mr. Mohan Reddy K.  
Standing (L to R) Mrs. Monica A., Mrs. Jayasri V., Mrs. Vandana V., Mrs. Geetha Vishwanathan, Mrs. Nandita Karan, Mrs. Sridevi P. & Mrs. Lalitha Lakshmi M.

The journey with DPS HYD began before it was born, as a cog in the wheel of growth which the school saw, one was part of the institution that has been built with care, commitment, erudition, eye for detail and concern for stake holders. Needless to say it has been a learning, sharing, caring experience blended with emotional, educational, personality and skill development, which has been both conscious and subconscious. One looks back with pride and satisfaction at the development and progress of the institution and feels gratified in the number of lives we have shaped and moulded into excellent citizens of the world.

**- Mrs. Geetha Vishwanathan, Principal.**

It is a joy for me to be a member of the core team that has been involved in the development of the school from its inception to its current status as a benchmark for providing high-quality education and value for money. The 20 years of journey with committed, compassionate, and focused management, as well as our meticulous founder Principal and present Academic Director, Mrs. Rekha Aggarwala and our fastidious Principal, Mrs. Geetha Vishwanathan have been enlightening and have constantly sparked the desire to improve. I am pleased to be part of an organization with working ethics and policies that have been developed to promote equanimity, compassion, and passion in the performance of duties. Reliving my school life amidst Dipsites.

**- Mr. Rama Rao Desai, General Manager - Administration.**

My journey of last 20 years at DPS has been filled with great pleasure of innovating novel ways of imparting education to kids along with nurturing my own creativity to meet the demands of the twenty first century. These last 20 years have been filled with happiness as I had an opportunity to revolutionize teaching trends to make learning more joyful to kids. My heart fills with immense pleasure when I see the DPS students win state/national accolades and reach honorable positions in the society and march forward to make the world a better place.

**- Mrs. Lalitha Lakshmi M., Academic Dept.**

Hearty Congratulations to the entire DPS family .

From teaching class 1 in 2002 to young adults of grade 12 in 2022, it has been a long yet truly enriching experience for me. I feel blessed, proud, happy and grateful to be associated with this prestigious institution and being a part of its phenomenal growth story . Wishes and prayers for its continued success in years to come .

**- Mrs. Nandita Karan, Academic Dept.**

Twenty years ago, when I walked into this institute, I had not imagined that this would become my second home. It has been a journey of teaching and learning. A long journey of 20 years seems to have passed just like a moment. This period at DPS has been a golden period of my life where I feel proud to have taught children of all grades and prepared them for their future. It gives me immense pleasure to be one of the first pillars of this esteemed institute and when I see it having grown into the best educational institute in the twin cities, I feel my hard work has paid off well. I hope to continue giving my best always.

**- Mrs. Vandana Vadhera, Academic Dept.**

No words can convey my gratitude for the support I have received from my school. I thank you so much for letting me be a part of this organization. It has allowed me to develop wings and fly and explore the world of love, knowledge and dreams. The organization and the Management have contributed to the extreme for the development that I can see in myself. I am fortunate enough to get the chance to work with such a wonderful organization. My school has helped me recognize the sense of achievement which inspire and promote me to work more efficiently. To conclude, "You are a part of my story, memory, and scenery, thank you." Kim Taehyung

**- Mrs. Monica Awasthi, Academic Dept.**

I've been associated with DPS since the very first day it was established, I've personally witnessed the growth of this institution from a pre-school to a prestigious institution that holds a lot of pride in its alumni and achievements. I'd like to thank the management that had provided the facilities and infrastructure for teachers and students given them the best and quality knowledge that helped transform them into better individuals and promising future of the nation. I'd also like to thank and appreciate every parent who has supported the school with its aspirations and all along its journey to become such a humongous institution. Above all I would like to express my sincere gratitude to Ms. Rekha Aggarwala, Academic Director, Mr. Y. Umanadh, Pro Vice Chairman and Ms. Geetha Vishwanathan, Principal for their constant support during my tenure as HOD Physical Education and Coordinator .

**- Mr. Prem Kumar Katta, Academic Dept.**

I still remember the day when we had started DPS Hyderabad in 2002 with just a handful of people and a very limited amount of resources with millions of dreams, hope and immense enthusiasm and today when we are celebrating 20 years of its birth, nothing has changed, except the fact that we have made our dreams true and are moving towards much more success. This success we achieved through the hard work of its visionary Pro Vice chairman Mr. Umanadh sir, Management Team, Director Rekha Aggarwala ma'am, Principal Geetha Vishwanathan ma'am, endeavouring teachers, admin staff and relentless support staff. I am blessed and thankful to be a part of the journey of DPS Hyderabad. "Education is the most powerful weapon you can use to change the world." - Nelson Mandela.

**- Mr. Jagadeshwar Rao R., Manager - IT.**

20 years of long journey at DPS Hyderabad is something to be proud of I am always grateful to the management and many people for the achievement as all of them supported me to stay motivated here with their sage advice and inspiration.

**- Mrs. Jayasri V., Accounts Dept.**

It's about the journey as much as the outcome! It has been a wonderful and meaningful journey of 20 years! It feels more like a family than a workplace. Talent is respected. Hard work is rewarded. Achievements are recognized. A culture that is built over the years- Open, Inclusive, Diverse. The number of people that are part of this journey together is countless. I have been extremely lucky to have been guided by the finest of leaders, Mrs. Rekha Aggarwala, Academic Director, The Principal Mrs. Geetha Vishwanathan, The Management Committee and all the colleagues. Thanks a ton to one and all!

**- Mrs. Sridevi Paruchuri, Admin. Dept.**

It's an honour and privilege to be a part of the DPS family. It's been a long journey of watching and learning something new every day from people around me. I am thankful to be a part of the journey of DPS. I hope whatever I did was for the better future of the journey. It has been a wonderful and rewarding 20 years. I want to thank Mrs. Rekha Aggarwala, Academic Director, Mrs. Geetha Vishwanathan, The Principal, The Management Committee and all the colleagues. Thanks a ton to one and all!-

**Mr. Madhu Mohan M., Transport Dept.**

I began working at DPS in 2002 and since then I have captured all significant moments of the school with my lens. I have very happy memories of the past 20 years. I take this opportunity to thank the Management, Rekha Aggarwala ma'am, Geetha ma'am and the entire DPS family for their love and support I received from them. I wish great success for the school.

**- Mr. Jagan Mohan B., Admin. Dept.**

In 2002 I began working here, and in these twenty years I have put in my best sincerely and diligently. The school has supported me at every step and in all humility I wish to thank the Management, Rekha Aggarwala ma'am, Geetha Vishwanathan ma'am and the DPS Hyderabad family which is like my own.

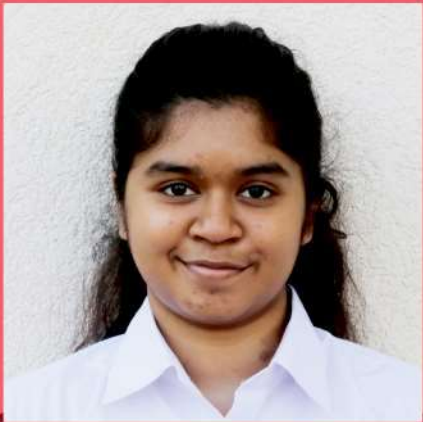

**- Mr. Mohan Reddy K., Admin. Dept.**

## FROM THE EDITOR'S DESK

Upon thorough reflection, you cannot help but think of everything you may have missed with the onslaught of the pandemic, thus ushering a great portion of the final years of your school life within the confines of dark boxes in a Zoom meeting. However, even within these moments remains, forever etched, a non perishable bond that you fostered throughout your journey in this school. No matter how many years come to pass, and no matter the strides you make in the interlude, there are some things in these memories that you can never rub away.

With the culmination of your school life, as you arrive at the end of an important chapter, a whole new chapter of life awaits your penmanship. Is it not, but in vain, for us to try and encapsulate your collective experience — of the sounds of cries and laughter in the corridors; of the companionship you felt in the undertaking of glamorous events; or, when you finally shed tears on the day of the farewell — all within a span of 190 or so pages? No, we shudder even at the mere thoughts of being successful in such an enterprise. Within these pages, however, remains interspersed a glimpse of the moments you savoured, and the Yearbook Editorial Team has striven to ensure that with the turning of each page, you immerse yourself into the essence of that very moment.

Thus, as a token of our memorial to the batch of 2021-22, it is our unwavering hope that we have been able to deliver even a fraction of the joy that we experienced in its creation.

"Only in the agony of parting do we look into the depths of love."

- George Eliot

## ACKNOWLEDGEMENTS

We thank our Principal, Ms. Geetha Vishwanathan for her support and encouragement for the creation of this yearbook allowing the students to relive some of their most memorable days.

We thank our Vice Principal, Coordinators and faculty of the Senior Secondary wing, for their constant support and help throughout the making of this Yearbook.

We thank Mr. Rama Rao Desai and Mr. Balakrishna Murty for handling the logistics and coordinating with the printers, Ram Digi Medias Pvt Ltd., Mr. Bala Maddilety, Designer for making the layouts and collage designing as per requirement.

## MESSAGE FROM THE PRO-VICE CHAIRMAN

"The future belongs to those who believe in the beauty of their dreams."  
— Eleanor Roosevelt

**Shri. Y. UMANADH**

### **Dear Graduating Students of 2022,**

You can't move forward without saying goodbye to the past. With graduation on the horizon, let these amazing senior years remind you of the truly magical time in your life. They may not have been easy; they may have been filled with qualms, but when you will look back, these will be the times that you will cherish the most. The camaraderie, the new encounters, the aspirations of the future, the toil to accomplish it, all will remind you of the great times in this institution.

So, hold on to your dreams, for it is not in the stars to hold our destiny but in yourselves. As you find your foothold, remember to create a place where you can leave your footprint. Aim for the stars but remain grounded at all times and, above all, try to make this world a better place for the future.

My very best wishes to each and everyone for a happy, healthy, and successful journey ahead. God bless.

## MESSAGE FROM DIRECTOR - ACADEMICS

**Mrs. REKHA  
AGGARWALA**

**Dear Class of 2022,**

Life poses innumerable challenges and the goal of school education is to help one successfully brave through them. It is my strong conviction that we all grow with an innate desire to achieve a 'Dream'. Do not give up your dream because as you continue to toil, you are inching closer to it.

Our goal is one of self-realisation and actualization. Don't ever lose a fraction of your enthusiasm! Come up with new ideas and follow the path of your heart and mind in making decisions. Believe in yourself and your capabilities to achieve any herculean task however difficult it may seem to be.

The world is changing at an accelerated rate, so we need to pause, reflect, deliberate, and proceed in life to pursue our set goals.

So dear students, remember, we innovate to change — Accept, Adopt, Adapt and Achieve.

## MESSAGE FROM THE PRINCIPAL

**Mrs. GEETHA  
VISHWANATHAN**

At the outset, I'd like to congratulate each and every one of you for adapting to the new normalcy in a post-pandemic era. For an 18-year old, it takes a lot of courage and mental strength to study in environments which may not be as invigorating and dynamic as a school.

When you step outside of these gates tomorrow, I want you to remember that - uncertainty is the new constant. While adults around you may stem a sense of fear from this dictum, I, for one, truly believe that you can only have an enriching experience out of this.

"Life is a game, play it. Life is a challenge, meet it. Life is an opportunity, capture it."

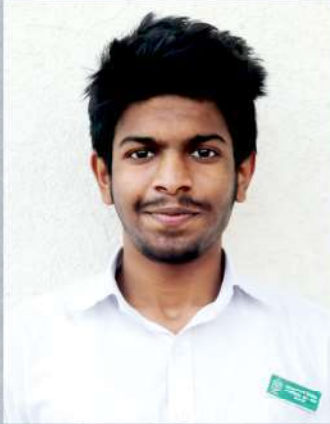

But with uncertainty, there is an important factor that we conveniently set aside - the people who shared our experiences. For the better or worse, having people around you when you are living your life, is what completes the journey. The rapport you build - in school, college, workplace, and in other environments, mould your character. Never forget to cherish these bonds as life goes on. In a digitised world, staying connected is just as much easier. Use it to continue the camaraderie.

And finally, remember - this is your life. Do not seek attention, but gain respect. Do not compromise on respect and morales, for the little joys of life. Seek and achieve happiness, because that will drive you throughout your life. And never forget, life is only but an experiment. No one can teach you its ways. And that experiment is your journey to wisdom.

All the best to all of you.

## MESSAGE FROM HEAD BOY

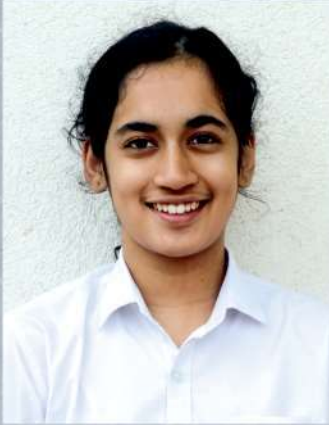

To summarily assay the education of fifteen years is no easy task; to recollect them with eyes undimmed by the passions of the moment, even less so. Yet, however the task may be, it must be done—to deny those years would be to deny the whole of my being. In the remembrance of things past, I am met with no experience at DPS of which I may not find a correspondent reflection in my soul. The long assignments, the weekly tests, and frequent chastisements all served as hammers in shaping the still-red metal of my youth. And in later days, we all, engaged in the tumult of conversation, polished one another by the flash of wit, the sprightliness of mirth and the gravity of knowledge—all under the indulgent and overarching hand of our benign faculty. I place special emphasis on the confluence of diverse and learned students because the most vibrant colours of our psyche are painted by our peers. Only an equal in stature may prove a friend to the heart and a home for the lost. Even I, like a stranger in a strange land, with only the English language to scour for friends, was able to find companions issuing forth from the extremities of this country: compassing the precipices of Kashmir to the forests of Odisha and the backwaters of Kerala. But those days have come to an end, and as sojourners in the vast forest of life, we part with the promise to one day reunite as great men and great women. Whatever may come to pass, then, we bear with us the ensign of our institution, not on the collars of our shirts, but in the confines of our hearts.

-Aaron K. James

## MESSAGE FROM HEAD GIRL

The year was 2010. A little first grader stood at the edge of the school ground, clutching a Tupperware water bottle, and wondering if they would serve her favourite dish (paneer) for lunch. She also couldn't wait to get back home and tell her mother all about her first day at school.

Despite being a shy girl who kept mostly to herself, I was welcomed into the school with open arms. Gradually, I started to feel at ease at this newfound home. I began participating in competitions outside the classroom - quizzes, elocution, etc. I'm grateful to the school for providing me with an all-rounded experience, even at such a tender age. I often think of my teachers of that time, of their gentle nudging, and words of encouragement.

The years went by, and I blossomed into a self-assured, outgoing girl. DPS has always provided me with a platform where I can express myself, explore my talents, and become more self-aware. Whether it is the academics or the extracurricular, I've gotten manifold opportunities to learn something new - How to work effectively in a team, how to be innovative, how to set goals for myself and work towards them - I've picked up numerous skills during my years here. I'm grateful to all my teachers for being constant sources of support and guidance and to all my friends for ensuring that I had the time of my life in this school.

Very soon, I will no longer be a Dipsite. While that thought fills me with sadness, I also know that, as I go out into the world, equipped with what my years in DPS have taught me, I will be ready to face it.

-Nidhi Kolachana

# CONSECRATION

Dear Forerunners,  
There is something distinct about every single person in this world, whether it's a personality, physical trait, or a brilliant talent. Search within yourself and find what makes you special. You deserve every bit of the success you work hard for. Good luck for all your future endeavours!.

- Ms. G Rajyalakshmi,  
Faculty - Business Studies

Dear Students, I take this opportunity to appreciate you for sustaining these trying times and for making teaching/ learning a memorable experience.

A new phase of life awaits you and the wisdom and confidence that you gathered from your teachers will surely aid you to shine in life. Never stop learning and appreciate the small things in life. Remember, there is no elevator to success; you must take stairs and climb slowly one at a time.

Wishing you all good luck for your future endeavours.

- Ms. Mala Khattar,  
Faculty - Chemistry

Dear Students,  
"Attract what you expect. Reflect what you desire. Become what you respect. Mirror what you admire." Anonymous  
Always strive to be the best in whatever you do. Never back down from challenges of life. Believe in yourself and you will succeed in every sphere of life. May you all be successful and happy in life.

- Ms. Neeta Sharma,  
Faculty - Accountancy

Dear students,  
You can be successful in life if you cast aside ego, pride, and superiority.

- Mr. C. V. Srinivasu  
Faculty - Mathematics

Dear Students,  
Congratulations on successfully going through one of the crucial phases in the life of a student. Don't forget that knowledge is abundant and a true seeker of knowledge is a learner throughout one's life. People often say success is sweet, but I don't agree. Success has a different taste altogether—the 7th taste. Just don't get dejected by failure and crave for that 7th taste! All the best!

**Mr. B. Bala Subramanyam,**  
Faculty - Mathematics

Dear students,  
It was my pleasure to teach you all. Every one of you is very special to me. Set your goals high, dream big, and achieve greater heights. All the very best for your future. I am eager to see the heights you all reach.

**Ms. Lalitha Ongole**  
Faculty - Mathematics

"It's our Attitude, not Aptitude, which decides our Altitude in Life".  
My dear Students, work with the Right Attitude and contribute to the Best of your potentials for the future of our Mother India.  
All the Best to Your Golden Future.  
God Bless You All.

**- Mr. D Pavan Kumar,**  
Faculty - Physics

Dear Students,  
Despite the tough times that you have encountered in the course of your studies during the pandemic, at the end of it all, we are about to complete this part of the journey with great achievements and beautiful memories.

At this point, I want to implore you, my dear students, to always see yourselves as good ambassadors of DPS Hyderabad and never allow selfish interest to blemish the integrity you have nurtured over time. Be kind and good to people you meet on your way up. Allow the words of God to guide you as you journey to greatness. Think big and be optimistic about whatever you are doing. May God bless you all! Lots of Love,

**Mr. Sandeep A.L.N.**  
Faculty - Physics

Teaching for grade 12 students was a very good and pleasant experience. Online mode of school did not hinder their participation in various school activities. All the students were very obedient to teachers and cooperated well despite being in an online mode of education. I wish from the bottom of my heart that every student of grade 12 achieves great success in their future endeavours.

**- Mr. Srinivas Veeramalla**  
Faculty - Physics

Challenges, they say, tune us to face any phase of life. Dear students, the experience that you had in the past two years have definitely equipped you with qualities like perseverance, adaptability and the right mindset for the future ahead. You all are real winners. Keep dreaming bigger and aiming higher. Good luck!

**Ms. Vandana Vadhera**  
Faculty - Chemistry

My Dear Students!  
Wisdom is the most precious gift you can ever have. Always desire to grow in knowledge because it will never leave your side. All the very best for your future endeavours.

**Ms. A. Jayashree**  
Faculty - Biology

To Succeed in life,  
Have a crystal clear goal,  
Faith in God and in yourself,  
Strong will power,  
Positive outlook,  
Awareness of the present moment,  
Courage to Press On.

**- Mr. K. Premkumar**  
Faculty - Physical Education

My Dearest Students of 2021-22  
What a fantastic time we have had together! Most of it virtually though!  
As I reminisce about the time we have had, I can proudly say that you taught me to give you my best— you taught me to face trials, you taught me how to cope, and you gave me courage and hope to go on. The journey together, though not always tranquil, will always be a cherished one. Handling tumultuous teenagers, with different perspectives and vociferous opinions posed a challenge, but at heart you were that simple kid, looking for affection, appreciation and accolades. How can anyone hold back when such wonderful opportunities present themselves? I simply extended my hand and you did the rest!  
As we stand on the threshold of saying goodbye, let me assure you that you will always remain special to me as you start a bright future ahead of you. God bless!

**- Ms. Sharmila Lahiri**  
Faculty - English

My dear students,  
I would like to thank each one of you for all the warmth, memories and learnings that we have shared. Because when I teach, I also learn.  
Education is a lifelong journey whose destination expands as you travel. Therefore, we need to allow the next phase it brings to us. I wish you the very best for your next level of academic achievement studies and career. Continue to be dedicated to your work. It is goodbye to you in the hope of you learning more in life. Good luck to all of you!

**- Ms Chayanika**  
Faculty - English

Dear students,  
You are starting another chapter of your life. All the best for your journey ahead. Live life to the fullest, be positive, be kind. The best is yet to come.

**Ms. Debjani**  
Faculty - Informatics Practices

My Dear Students,  
We spent very less time physically in school but how much we spent it was unforgettable. All the difficulties and troubles that we have shared and all the success and achievements we celebrated and achieved together. This journey will stay forever close to my heart as we made a lot of beautiful memories together. Your journey with us may stop here, but above all, it is the beginning of new heights for you. As time changes and we grow with our present surroundings, life needs to be changed and we must willingly or unwillingly accept it. Wishing you much joy and happiness as you begin a new chapter in your life. Good luck for your future endeavours.

**Ms. Parul Rao**  
Faculty - Economics

My dear children,  
Life is beautiful. It pushes your limits but also rewards you for your perseverance. It tests your patience but also gives you limitless opportunities to shine. Welcome opportunities with a smile and take on challenges with determination - you will always find yourself happy and successful. And when you are happy, think of spreading that happiness to those around you. Life will be blissful!  
Love and blessings.

**- Ms. G. Parvathi**  
Faculty - Economics

Dear Students,  
It has been a delightful journey with you all. Moving on to a new stage in life can be a challenging process. Always believe in yourself and strive to be the best in whatever you do. Be humble and let your actions speak for you. My heartfelt good wishes and success for all your future endeavours.  
Good luck and Best Wishes.

**Ms. Shilpi Dubey**  
Faculty - Entrepreneurship

Dear Students, your journey with our school may stop here, but above all, it is the beginning of new heights for you. Continue to be dedicated to your work. I wish you a successful life. Never forget the passion and commitment you have given to learning and studying in this school. The last two years were as challenging for you as they were for us. We lived the new normal life in every possible way. Therefore, always make sure the same dedication guides your further studies and career. Congratulations on the new heights to achieve more excellence with your future studies. As another important phase of your life begins, never allow academic excellence to be a thing of the past. All the best dear students!

- Ms A Vilasitha  
Faculty - Legal Studies

Dear Students,  
You have continually been a group of successful batches who have accommodated impressively well with the pandemic and new normal of learning. You have shined well in both academics and extracurricular activities. You have never failed to amaze us with your creativity and out of the box performance all these months. Always strive harder to be the best in anything you do. Be unassuming and let your actions converse for you. May you be blessed with victory and magnificence! Wish you all success and a bright future ahead.

- Ms Y V S Joshna  
Faculty - Accountancy

Magic, they say, happens when you don't give up even when you want to. For us at DPS Hyderabad, the class of 2022 was nothing less than a magical experience. The batch that defined hope, in the midst of an all pervasive atmosphere of despair and gloom; that ushered in brightness, every single morning, without even once being physically present, as if magically; that appeared to be teaching us the most important lesson of life—"don't give up even when you want to". So, thank you dear students for the delightful two years you have given us all. You're sure to make us proud. Wishing you well in life, always!

- Ms Priyamvada  
Faculty - History

Dear Students,  
Succeeding in life is easy as long as you believe in yourself. Trust yourself, and success will come along.

- Ms. Purnima Prattipati  
Faculty - Psychology

Dear children  
School is an abode, where along with discipline, focus and creativity, unexpected and unforgettable memories are made. As you step into a new world of unlimited opportunities, work hard and enjoy every bit of the journey. May you have more triumphs than disappointments ,more milestones than setbacks, more joy and contentment always . Wishing you peace, prudence and positivity . Stay unlimited !

**Ms. Nandita Karan  
Faculty - English**

Dear students, the dedication that you showed in the last two years has been exemplary. There is no doubt that this will help you reach a new height in life. You are a ready to create a brighter tomorrow. May you all get success in whatever you pursue in future!

**Ms. Shashi Bala  
Faculty - English**

Don't stop when you are tired ,stop when you are done. Dear students your journey with our school may have ended but it is the beginning of new heights for you. Keep chasing your dreams and don't forget to touch lives."Brighten the corner where you are".  
Good luck.

**- Ms. Arpita Mitra Mandal  
Faculty - English**

“ The night is darkest before dawn ”

### Kanakala Venkata Sumedha

“ Lies run sprints, but the truth runs marathons ”

### Ravi Vivek Sai

“ How can I sum up my amazing time here in such a short space?? ”

### M Pavan Venkata Manjunath

“ Doubt kills more dreams than failure ever will. ”

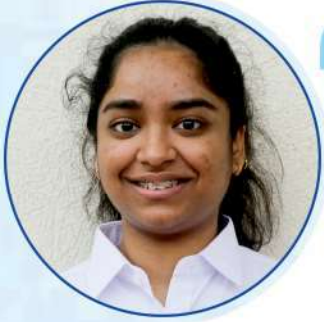

### Udayan Shar

“ No one is born hating another person because of the colour of his skin, or his background, or his religion. People must learn to hate, and if they can learn to hate, they can be taught to love, for love comes more naturally to the human heart than its opposite. ”

**Aarya Harish Chintawar**

“

I am seeking. I am striving.  
I am in it with all my heart.

”

**Megha Razeev Agarwal**

“

You can't go back and change  
the beginning, but you can  
start where you are and  
change the ending.

”

**Chalasanani Bhavani**

“

Waves are my inspiration,  
not because they fall down,  
but because they fall  
and rise again.

”

**Siddhant Mittal**

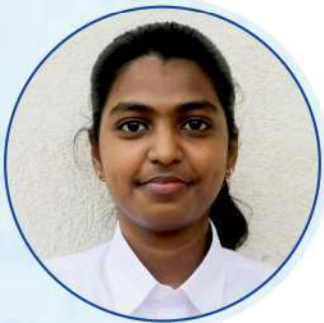

“

You can't use up creativity.  
The more you use,  
the more you have.

”

**Kakar McKayala Harshita**

“

Go into the world and do well.  
But more importantly, go  
into the world and do good

”

**Urja Choraria**

“

Don't give it 5 minutes  
if you're not going to  
give it 5 years

”

Vetukuri Tejas

“  
What is real will prosper  
”

Sappidi Bala Chandra Reddy

“  
Once you have  
accepted your flaws,  
no one can use it  
against you  
”

Esha Agarwal

“  
Take the stares in  
your stride.  
”

Sri Nithya Bandi

“  
If you can't say anything nice,  
don't say anything at all  
”

Ali Akbar Rizvi

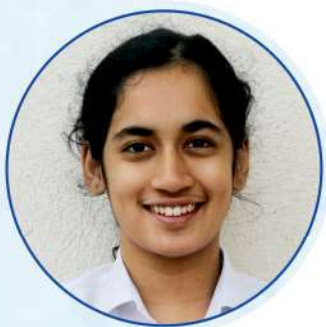

“ Strive not to be a success  
but to be of value ”

Koti Sri Lasya

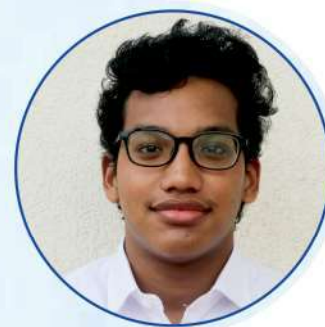

“ Make yourself the best and  
destiny will do the rest ”

Nidhi Kolachana

“ Rather inclined to giggle  
and doesn't put things away ”

Uday Ranjan

“ Hope is a good thing,  
maybe the best of things  
and no good thing ever dies ”

Aryaman Suvarna

“

Being myself,  
but my better self.

”

Deveram Mahalaxmi

“

There is no such thing as magic,  
just illusion. Things only change  
when we change them. But you have  
to do it skillfully, in secret.  
Then it seems like magic. ”

Manasvi Bodapati

“

When you want something,  
all the universe conspires  
in helping you achieve it.

”

Karusala Meenakshi

“

I want to inspire people.  
I want people to look at me  
and say because of you  
I didn't give up. ”

Chitti Venkata Siva Tejas

“

You've got to get up every morning  
with determination if you're going  
to go to bed with satisfaction.

”

Kayala Sai Rishitha

“

Good teachers, good classmates.  
Good friends, good school,  
if I gather all the good times  
I've had... That's what  
I call happiness. ”

Nagumothu Harshitha

“ Let your life be like  $y=mx+c$   
and then use  $dy/dx$  to calculate  
the slope. ”

Bhavana Sambhu

“ You could rattle the stars...  
you could do anything.  
If only you dared. ”

Pratyush Kumar Singh

“ Wake up to reality! Nothing ever  
goes as planned in this world.  
The longer you live, the more you  
realize that in this reality,  
only pain, suffering, ”  
and futility exist. ”

Girija MSP Mishra

“ When was the last time  
you did something for  
the first time? ”

Udita Gowdety

“ The morning will  
come again.  
No darkness,  
no season is eternal. ”

# INVESTITURE CEREMONY

Pratishta' the virtual investiture ceremony of the senior secondary wing was held the 31st of July, 2021 to invest the prefects and captains selected to the Prefectorial Board 2021. In attendance, were esteemed dignitaries, in-charges, faculty members, the proud parents of the elected appointees and students.

Mrs. Rajyalakshmi, over-all incharge of the senior secondary wing formally introduced the distinguished chief guest Col. Surinder Hora, SC, SM, Group Commander, Secunderabad Group. She extended a heartfelt welcome to Academic Director - Mrs. Rekha Aggarwala, Principal - Mrs. Geetha Vishwanathan, Ms. Shailaja Gopinath - Principal, Secunderabad campus, Headmistresses - Mrs. Rama Ananth and Mrs. Sandhya Pratap, Academic Co-ordinators, Mrs. Mala Khattar, Mrs. Neeta Sharma and the audience.

The program commenced with a divine, melodious rendition of a sloka sung beautifully by the school choir to seek the blessings of the Almighty, the news, a beautiful Choir rendition, a poem in Hindi, and a panel discussion on the topic – 'Leadership Challenges Today – creating a safe and inclusive environment' which stressed on the need for inclusivity and diversity in the workplace to experience more productivity and contentment.

The Principal, Mrs. Geetha Vishwanathan, in her address, congratulated the prefectural board, emphasizing that they ought to fulfil their duties to the best of their abilities, explore and better themselves with each passing day and ensure that the values of the school are always upheld.

Following this, the investiture proceedings formally began. The names of the prefects and captains were announced under the watchful eyes of the Chief Guest. The Head boy Aaron K James and the Head Girl Nidhi Kolachana then bore the school flag of DPS, Hyderabad with a determination and gratitude in their eyes to serve their beloved school. The Sports Captains, Cultural Secretaries and the captains of the houses then accepted their positions.

Next the Chief Guest was invited to administer the oath during the Oath taking ceremony of the prefectural board. The student leaders vowed to uphold the motto of the school – 'Service before Self' and discharge their duties to the fullest.

The Chief Guest, Col. Surinder Hora, SC, SM then addressed the audience. He congratulated the newly invested student cabinet. He emphasized that with power comes great responsibility and that the student leaders must discharge their duties with sincerity and diligence. Expressing that they must work for the welfare of their school and country, he concluded with wishing them good luck for their future endeavours. This was followed by the gracious acceptance speeches of the head boy and head girl.

Next the Vice Head Girl Khushii Aggarwala and Vice Head Boy Udayan Sharma rendered the vote of thanks to express their gratitude towards all the esteemed dignitaries and the audience who attended the ceremony. The audience thoroughly enjoyed this solemn ceremony.

The day ended with a thought for the day followed by the National Anthem.

INVESTITURE CEREMONY PANEL DISCUSSION - LEADERSHIP CHALLENGES; CREATING A SAFE AND INCLUSIVE ENVIRONMENT

# PREFECTURAL BOARD

## EXPERIENCES

### **ARYAN SINGH RANDHAWA- VICE HEAD BOY**

It was an honour for me to serve as the vice head boy of DPS for the year 2021-22 which is one such academic year I would cherish for the rest of my life. I not only got to interact with the finest individuals from this reputed institution but also got a chance to work alongside them in various projects such as the teachers day celebration, the farewell for 2021-22 batch, etc. Even though all of this was in the online mode most of the time due to the novel coronavirus pandemic it did not cause any hindrance in our discharge of duties. Each task which was given to us was a learning curve where I understood about the different kinds of perspectives each individual views the problem with and everyone comes up with a unique solution to address the issue. Truly each and every council member of DPS for this academic year deserved to be a part of it and undoubtedly each of them has performed in an exceptional way in dealing with all the tasks allocated, I would like to thank all the teachers for blessing me with this opportunity to be a part of such an amazing student council and having faith in me for being the vice head boy of this prestigious institution and for being there for us whenever we needed them. To summarise my experience, my journey as the vice head boy, it was a joyride with a remarkable learning curve to it.

### **UDAYAN SHARMA - VICE HEAD BOY**

My emotions in being selected as the vice head boy were indescribable. A mixture of extreme joy and, slight disappointment, at not being selected as the Head Boy. But in retrospect, I'm glad I wasn't selected as the Head Boy. I, in my wildest dreams, can't imagine completing the mammoth tasks that were required of such a post. The few council meetings I did attend were some of the most memorable times of my entire school year. As an introvert, I found it hard to communicate with such a large number of people, who, at that time, were quite frankly 'strangers' to me. Little did I know, these 'strangers' would go on to become my 'colleagues' and eventually some of them, 'really good friends'. As the council meetings progressed, we grew more amiable. It was almost as if each meeting, aside from the 'serious discussions' was like an ice-breaker session. I had known many of the council members for a few years, but it was in these council meetings, that I understood them. Organizing the teacher's day assembly was our way of expressing gratitude to the teachers. I volunteered to deliver a small message to the teachers as well as a special 'vote of thanks'. It was a show put up by us to truly express our gratitude from the bottom of our hearts. Overall, I feel that this year's prefectural board has done a wonderful job. It will be heart-breaking to part ways at the end of the academic year.

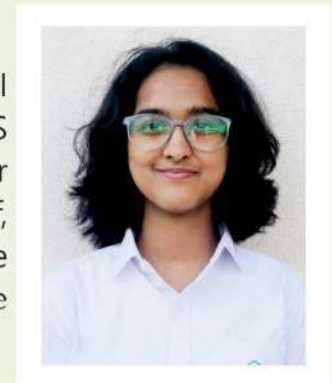

### **KHUSHII AGGARWALA- VICE HEAD GIRL**

Over the last 15 years I have been bestowed upon with opportunities multiple times in the student council. The various portfolios assigned to me taught me a lot, not only leadership but small virtues like diligence, integrity and hard work. The best part of the role was having the opportunity to meet and interact with some inspiring people across the school that I would never have had the chance otherwise. I am grateful to everyone who has supported me throughout my journey.

### **UDITA GOWDETY, VICE HEAD GIRL**

“The antidote to despair is wonder and action.” In these trying times of navigating high school through covid, I almost forgot what it was like to be a student. But time and time again, the Student Council here at DPS reminded me of what it’s like to be young and unafraid, to take all challenges in stride and emerge on the other side wiser and braver. My peers and my teachers have taught me new ways to look at the world, and myself, with empathy and courage. In an era where every step I take feels like a lonely journey towards nothing, the Student Council at DPS has given me the comfort of “community”, and shown me the light at the end of the tunnel.

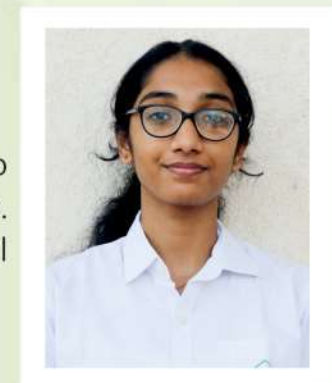

### **DUANSH SHARMA - SPORTS CAPTAIN**

One of my earliest memories in dps was admiring the march past of the prefects. It portrayed a different level of responsibility which I was willing to commit to. When I was appointed the sports prefect I was ecstatic. My passion for swimming, basketball and other sports combined with the ability to lead and host the events was something I looked forward to. Unfortunately due to covid, none of us were able to enjoy the privilege of hosting and participating in any of the events. Despite that, the opportunity to conduct and enjoy all the events online was still great and I look forward to continue to showcase my leadership skills further in college and the future.

### **MADALA SAI HARSHITHA - SPORTS CAPTAIN**

Being the sports captain of DPS was an amazing experience. I learned so much from my fellow prefects and also the students. I’ve always wanted students to give importance to physical health and this post helped me do so. The post motivated me to tell the students the importance of sports or any physical exercise. I am very grateful to the school for trusting me and giving me this post.

### **AKSHAY TAMOGHNA MAMILLAPALLI - SPORTS PREFECT**

I've been part of the DPS Family for the past 9 years and it was nothing short of a roller coaster ride. DPS has given me a lot of things, one of which is this opportunity to service in the student council not once but twice. The first one was spot on, the latter not so much because of the covid pandemic and a sports prefect hasn't got much to do online, but I've participated in other event as much as I could, I hope that I'll do my best when offline school starts... waiting wholeheartedly!

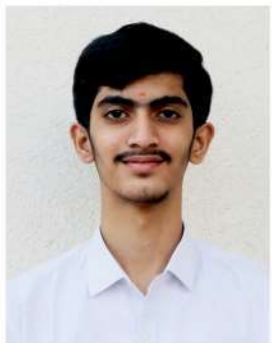

### **MITHRAVINDA KOTI- SPORTS PREFECT**

Applying for the sports prefect position in Delhi Public School, I was looking forward to spending the next two years participating and hosting tournaments on behalf of the school and experiencing the elation of the games. However with the pandemic flaring and with the entire school being constricted to our own homes, sporting events had to take a pause. Though it was not what I had planned or what I would have wanted, the past two years being a part of the student council of Delhi Public School even on an online mode has been a great experience. Being a sports prefect in a virtual world there was not much that I could do, I would have contributed so much more and done justice to my post if the past two years had been different. However, there were a lot of other things that I had learnt the past two years. Watching my fellow council members such as the literary heads and prefects delegate work and put in so much effort into making the school magazine such a great success was truly inspiring! They showed true team spirit and it reflected very clearly in their work. I hope to be able to work along with people like them in the future and bring out the best of work even in the darkest of times.

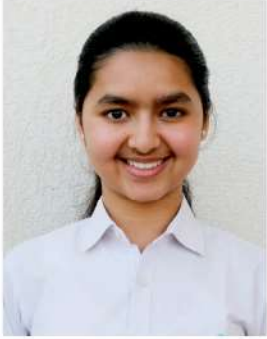

### **JAMMIGUMPALA HEMANTH - CULTURAL SECRETARY**

First and foremost, I wholeheartedly thank all my teachers who have constantly guided me on the right road over the past 14 years. Getting an opportunity and being a part of the student council at high school is one of the lanes shifting movement from a deserted highway to a crowded one-way street. Until now, one has just focused on the accelerator and steering, similar to the extracurriculars and academics, but now one must also handle the gears, surroundings, and breaks! similar to duties, teamwork, and assigned tasks! The true learning occurs when one drives a vehicle down a roadway lined with obstacles, and one learns best in this manner. Student council is similar to a street full of fun, learning, and tasks. Working on several events with various teams has helped me acquire confidence in how I express my thoughts and ideas. Thankfully I had the privilege to serve as deputy cultural secretary in grade 10 at DPSH, but I couldn't have the same experience in grade 12, rather it was more like driving in a simulator since all of us had to go virtual. Nonetheless, it was still exciting as it was a challenge too. Despite all the speed breakers, it has been a beautiful journey!

### **MANYA MADHUR - CULTURAL SECRETARY-MY EXPERIENCE AS A COUNCIL MEMBER**

Starting with filling out the application form and going through interviews with multiple teachers I got selected into the council board. The teachers showed immense faith in me and I promised to live up to their expectations. Then started our responsibilities, the council board was asked to host a few events. This gave me a chance to interact with the other members (most of whom I have never met before). On this journey, I have learnt many new things. First, the world is not fair but whatever happens, happens for good. Second, sometimes situations are not actually problems but we create them in our mind. If we look at them positively, they are opportunities to develop our skills. While preparing items for the farewell I learnt how to incorporate different ideas and persuade people. Most importantly, I learnt how to edit videos properly. Lastly, to achieve success in any group task, effective communication and clarity is the key. At the end of this journey, I have become more responsible, confident and ready to manage a team.

### **VELMURY NIHAR - CULTURAL PREFECT**

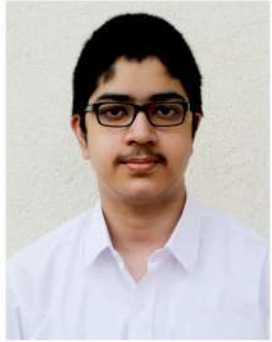

I could not be more thankful for the teachers of DPS to have considered me for this position! When I got the position, I was beyond honoured to be part of such a great institution. These past few months have been a whirlwind but they were one of the most memorable moments of my life so far. I have made such amazing friends in the council and learned so much from them. Initially I was flustered to meet or even talk with anyone but after I did realise that we would all soon become very close and that we did indeed! I believe that my experience on this student council has been bountiful and molded me into the very person I am today! These past few months I could not have asked for people to guide and help me along the way. My journey so far has been made incredible by them and truly one to remember. I can only hope we have much more fun in the days to come! Thank you for this most wonderful of opportunities!

### **PRIYANKAA VENKATESHWARAN- CULTURAL PREFECT**

I have been a Dipsite for the past 4 years. And the last 2 years have been the best years in my life. The pandemic took a toll on all of us, of course. But the way we came out of all of it and made our final school years memorable, even through an online medium is commendable. I'm very thankful for being chosen as a council member. If not, I would have missed out on meeting some of the most inspiring people I've met in my life. I've made friends who will last forever, I have learnt lessons that I'll never forget and I have made memories that I will never ever let go of. Cheers to the batch of 2020-22!

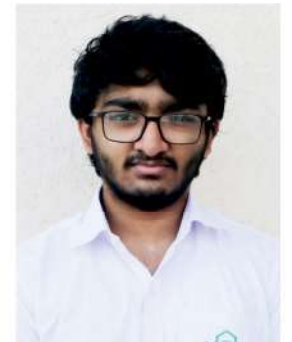

### **ARIN MOHAPATRA- LITERARY SECRETARY**

I joined Delhi Public School in 2020 and I never thought that I would be made the Literary Secretary of DPS. When the Student Council names were announced, I was overjoyed to have been bestowed with such an opportunity. I want to take this chance to express my gratitude to all my teachers and principal ma'am for believing in me and giving me this opportunity. It has truly been an honor to serve my school. This experience was truly wholesome and I got an opportunity to work with my peers, make new friends and learn more about leadership and teamwork. This experience has truly made me a better version of myself. Once again I would like to thank all those who have been a part of my journey.

### **AAROHAN HARIHARAN - LITERARY SECRETARY**

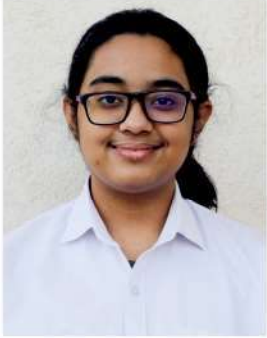

My tenure as part of the Student Council was an interesting one. We had the most formidable of leaders in our head boy and head girl and team of peculiar students whose positions in the council had no relevance to the work they did whatsoever. The most interesting thing about the council however, is its potential. Not just as individual people but as people working together, inspiring each other to do something completely irrational. We didn't have to spend an entire day together in somebody's house (during a pandemic) to set up a skit for Teacher's Day. We didn't have to add an element of fantasy for the farewell. These decisions were completely irrational. So why did we do it? Why did we almost literally risk our lives for a skit? Well, that's what team spirit is all about.

### **ANSHIKA AGGARWAL - LITERARY SECRETARY**

I recall with no uncertain clarity my delight at the moment of being chosen as a Literary Secretary for the Student Council. This delight was only magnified later when I was better acquainted with my fellow Student Council members – each more vivacious, friendly, and unbelievably creative than the next. These, I think, will be my primary memories of this time: the making and working with these new friends, coordinating on projects together, and forming great bonds along the way. The work we accomplished together, while perhaps unassuming from a distance, stands as a beacon of our unity, friendship, and successes.

### **AASHI SHRIVASTAVA- LITERARY SECRETARY**

I can summarise my time as a prefect with a single word- Marvellous. As a prefect I was given many opportunities to learn and pick up new skills. was given the chance to help conduct the very first inter house competition of the new academic year. I was also honored working with an amazing literary society, to help create the first student run magazine for the senior secondary grades. I also was able to connect with the 11th graders, which definitely helped me improve my personal connection development skills, especially since we have not been able to meet anyone in person. Overall, becoming a literary secretary was the best thing, the experience was very enriching and I am grateful for this opportunity.

### **ARKO CHAKRAVORTY - LITERARY PREFECT**

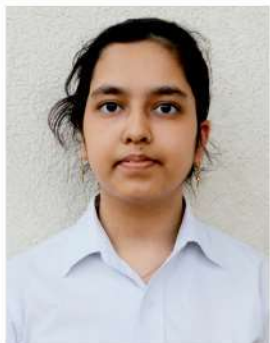

I would like to thank the authorities and all my teachers for letting me be a part of the student council. 2020 - 21 was a unique challenge, though I suppose every batch had its own share of challenges to face. However, being a part of the council, we had to find innovative ways to overcome our challenges. Thus with our resilience we persevered and had the answer to most of the challenges the pandemic forced on us. I have spent some of the most joyful times with my fellow council members and would like to thank everyone who let me be a part of this amazing journey once again.

### **ADITYA KAUL - LITERARY PREFECT**

The student council provided me with a sense of community — something which was hard to come by during this pandemic. Events like teacher's day provided opportunities for us to come together and work towards a goal, in the process of which, memories were made and many friendships formed. Having worked in the editorial team, which consisted of several incredible individuals, if someone were to ask me for my legacy in this school, I would show them Loquacity, the monthly magazine we started. The satisfaction of working on a project with equally passionate people is unparalleled, and I'm truly thankful for having been given the opportunity to do so.

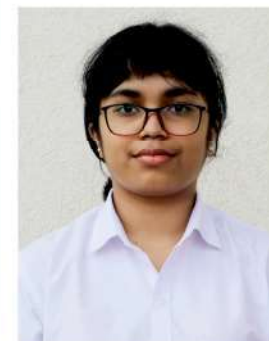

### **NISHTHA AGRAWAL- LITERARY PREFECT**

Being a member of a prestigious institution like DPS for the past 12 years has been enthralling. The past year, despite being spent entirely online, has provided a much-needed sense of worth and camaraderie. Working with my fellow council members—a group of outstanding people—has been an incredible experience. Of the many tasks that I have been given the opportunity to be a part of, being a part of Loquacity - The student-run monthly school magazine is the one I continue to hold the most regard for. Who knew so many skills and qualities could be learned in the midst of late-night zoom meetings, heated wranglings, and hearty adulations! I much appreciate my teachers' belief in me and my teammates' efforts in making this an unforgettable experience.

### **TIANA SAHA- LITERARY PREFECT**

Although our journey as a joint Student Council has been quite different than what would've been, it was and still is one of those leadership positions I have taken up, that have challenged me. Making new friends, overcoming hurdles, and still producing desired results has been a rough path, but with kinder bends on the road. Without the continuous usage of social media and constant support of teachers, I doubt this undertaking of a virtual student council would've been possible. I hope to one day thank all the members I have shared this journey with – making it one of the most unique ones of my life.

### **MOHIT GUPTA - PERFORMING ARTS SECRETARY**

Joining DPS in 11th, I had a completely different experience in mind, but what can be done? The pandemic hit us all the same. 2 years of online schooling in DPS and I have to say, it was like none other, the teachers, the fellow students are all so positive and always supporting, all the doubts and worries I had for being a newcomer just vanished. The one thing that enhanced this experience and made it more memorable was being a part of the student council as the Performing Arts Secretary. Being in the council gave me a chance to interact better, to know more people, to embrace my potential, and pitch in for all the responsibilities. Being part of the student council gave me a chance to participate in events such as the farewell to our seniors, the teacher's day assembly, and many more. I'll always keep all these memories to my heart as it was one of the things that helped me grow and develop myself.

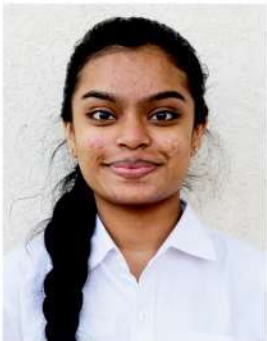

### **SHRUTI NARALA- PERFORMING ARTS SECRETARY**

They say learning happens in the classroom, however my greatest learning happened outside the classroom, being a part of the Student Council. My biggest learning is that the most important part of a project is the team and I have got the best one. We spent the entire time doing everything online and I thought I wouldn't get much out of this but I was completely wrong, we learnt a lot more sitting in zoom meetings and going through a hundred text messages. From making invitations to performing through videos and to learning from each event, we did it all. This experience allowed me to make mistakes and learn from them and make unforgettable memories. I will always be grateful for being given this opportunity to be a part of the student council.

### **STEVE AUSTIN SAMUEL - PERFORMING ARTS PREFECT**

The day still remains a fresh memory in my head - 24th March 2021. Suddenly out of the blue, our teachers told us that the results for the School Prefectorial Board were going to be announced and instructed us to wear our uniforms for the announcement. Out of station, without a uniform or a white shirt in hand, I proceeded to sit in front of my laptop, wearing my father's shirt, waiting eagerly for the results. As Principal ma'am announced the results, I could hear the dhadkan of my heart, almost as if it was going to jump into my hand any second. And as soon as I heard my name being called and my position revealed, my heart sunk. Fast forward to 10 months later and I can confidently say that being part of this council was one of the best things that's happened to me. It allowed me to meet the most talented and warm hearted bunch of people I'll possibly ever meet. Together, we conjured up brilliant events such as the farewell for our seniors and an ode to our brilliant teachers in the form of a Teachers Day event and in the process, made unforgettable memories and unbreakable bonds that I shall forever cherish. From the bottom of my heart, I wish to thank this institution for giving me such wonderful opportunities and molding me into the person I am today

### **KHEVNA REDDY - PERFORMING ARTS PREFECT**

Being a part of this council has been one of the best experiences of my life. It made me realise my potential to coordinate events and taught me how to work in a group and make it both efficient and fun. I've always enjoyed working in a group and it comes to me naturally, but after this experience, I have learned how to make the experience enjoyable for those working with me too. Apart from all my learnings, I've made friends and memories that will last a lifetime for me, and what more could I ask for?

### **M PAVAN VENKATA MANJUNATH- DISCIPLINE SECRETARY**

Anything is possible. Is it? Well, the answer lies in my 15 years journey as a dipsite. All the enlightening experiences and guidance over the years from my teachers, friends and the school atmosphere turned my innocence into self-confidence resulting in the privilege of serving as the deputy discipline secretary twice- in 10th and 12th grade. Discipline is the soul of DPSH, and being entrusted with this responsibility has always been a learning experience both at a personal and an interpersonal level. As members of the student council, we were never limited only to our responsibilities and constantly encouraged to exchange ideas and share duties for executing what we call beyond expectations. I'm sure that every part of this beautiful journey lays foundation to a new beginning.

### **BHAGAVATULA VEDA BHARATI - DISCIPLINE SECRETARY**

I was initially very excited when I got through the strenuous selection process to be appointed as the Discipline secretary. But later, I thought that it would be least interesting to exercise my duties on an online platform. What sort of indiscipline can you monitor online? But all my thoughts were proven assumptions on the very first day and the excitement was real. I realized that Discipline is not just the absence of indiscipline, but it is the set of rules that govern our lives. It has been a lot of fun working with other council members. I could observe an improvement in my confidence levels and leadership qualities. It's indeed a pleasure to be a part of the prefectural council.

### **SHAIL ANTANI - DISCIPLINE PREFECT**

I've been a part of this absolutely wonderful school since the beginning of my childhood. What an amazing journey it has been and its quite sad that its about to come to an end. But DPS has been and always will be a second home to me and the teachers have been nothing short of a family. The amazing people, the amazing teachers, the amazing meet of people in the corridors during break or lunch, I'm going to miss it.

But the best part was when I got this amazing post. It is the perfect post that suited me, and Im grateful to all the teachers for seeing that. It's been a pleasure serving the prefectural board and once again, I would like to thank each and everyone for this post!

### **AARUSHI GOEL - DISCIPLINE PREFECT**

Being a part of the council was a dream of mine since my DPS journey began. It took 14 years of polishing for me to be who I am now. It was an absolutely exciting and amazing experience, meeting new people from my grade, interacting with my juniors and getting great insights from them. I have no words for the amount of thankfulness and gratefulness I hold for all my teachers who have taught me throughout. Thank you to all my teachers and my fellow batchmates for being amazing pillars of support all the time!

### **LAKSH AGARWAL- DISCIPLINE PREFECT**

“The key to successful leadership is influence, not authority”

New School, new people, and with them came new opportunities, and one of them was to become a member of the student council. At first I was scared to even apply. But then, I was encouraged by my class teacher and friends to apply for it and, eventually, one day I was bestowed the position of the DISCIPLINE PREFECT, a moment of pride and honour, with a great sense of achievement. Then started our responsibilities, the council board was asked to host a few events. This gave me a chance to interact with the other members (most of whom I have never met before). I was privileged to be a part of the virtual farewell – Epilogue that was organized by the 11 graders for their seniors. The event was a huge success. I realize the responsibility to be taken up and try my level best to motivate and encourage myself and my fellow peers to take part in every activity or competition whether it is debate, dance, art, drama, or any other area because I feel every individual has their own creativity. All of these experiences embedded many skills in me and have helped me develop my personality. I am delighted to have been able to serve the DPS community and would like to thank all my fellow members, teachers, and respected principal ma’am for giving me this opportunity and for the love and faith that have been shown to me.

### **SAKSHI DIYA- DISCIPLINE PREFECT**

The past few months have been nothing short of an incredible journey. At these uncertain times, we were forced to act on our assigned roles with interaction rather minimum until the initiation of the student council. Being a member of the student council has allowed me to interact with a variety of people and adapt myself, while also completing assigned duties. These duties and tasks assigned to us were different from the so-called normal. They have enabled me to enhance the way I conduct myself in order to develop a better course of action. I am also thankful to have met a group of people with varied experiences and developed a bond beyond the council. But this journey has also found its end, and I could not have been more grateful for its phenomenal impact on my life.

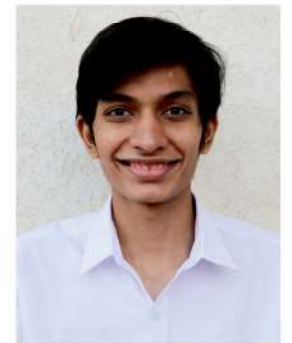

### **TARUN S – STUDENT COUNSELLOR**

Having joined DPS in 2008, I guess it's safe to say that I've spent nearly all of my life as a part of this institution. If someone were to ask you "what do you have to say about your home?", what would your response be? Your home is something that's a natural part of your existence, almost as if it's a part of you. Your home is something you love in spite of all your ups and downs. That's what DPS has been to me, a home. It has been a constant throughout the ups and downs. I'd be lying if I didn't wish we had more club periods, more games periods, or music classes as a matter of fact. But that's how teenagers are, aren't they? Always wanting more freedom of expression and free periods. That being said, none of that has ever impacted the deep adoration I've had for my school. All the people at DPS may have opinions of their own, but the respect given to others in spite of the differences is what makes DPS a great school.

The thought of having to leave this place soon and move on to the next chapter of my life feels like having to leave behind a kidney and then move to a different continent altogether (it's a gory comparison, I know). The memories and experiences I've had at DPS have been etched into my heart and are things that I'll be grateful for the rest of my life.

### **ARYAN AGARWAL - STUDENT COUNSELLOR**

I never thought that I would've gotten an opportunity to be part of this student council. But, now that I am part of it, I'm so glad that I made the right decision to apply. Being the Student Counselor has taught me a lot. It has taught me how to become a good leader, how to organize events and, lastly, to work together with my teammates. The past few months in the council have been incredible. It made me enhance myself and be a better version of myself. I'll always keep all these memories in my heart as it was one of the things that helped me grow and develop myself.

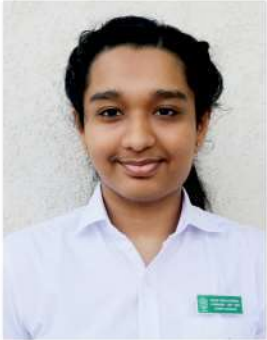

### **ADITI KONE - STUDENT COUNSELOR**

Having been a part of the DPS family for the past 11 years has been nothing but delightful. Oh! How I was ecstatic when I got to know that I was chosen as the student counselor. All these years I had looked up to my seniors, and now I had got the golden opportunity to be in their shoes. Being a part of the council allowed me to meet and connect with many amazing people who I would have missed out on otherwise. This post helped me gain leadership skills and taught me how to balance studies and extracurricular activities.

Every stage of this journey has allowed me to grow into a better person. I have made some beautiful memories that I shall never forget and cherish for a long time. It was a pleasure working with everyone. Thank you!!!

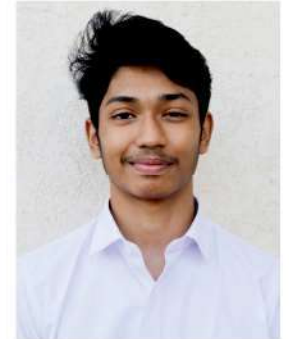

### **SRI SHREYA KURRA - STUDENT COUNSELLOR**

I was a part of the DPS family for the past two years. I was really thrilled when I was announced as a student counselor and gave me immense pleasure to take up this post. I have carved a better future for myself by learning the leadership and organisational skills by putting up several events regarding the various types of issues happening in the society which require immediate attention. Learning about these challenges made me a better person in how to deal with these obstacles. It was a really enjoyable prefectural journey with my fellow members and all other juniors too who have constantly kept in touch with me, and thanks to all my teachers for giving me this golden opportunity as a student counselor, the post I have always admired.

### **PRASAD SANGAM - GREEN GARRISON**

It is in school that we learn to read and write. It is the most important area for a student to develop new skills and knowledge. Dps taught me how to be dependable, prompt, and respectful. The majority of what we learn is a product of our instructors' teaching. Dps instilled in me good ideals at a young age, and it seemed like a second home to me. It gave me a lot of useful life lessons that I can apply in my everyday life. Overall, Dps transformed me into a better version of myself, for which I will be always thankful.

### **PRERNA WADMARE - GREEN GARRISON**

Cleaning and organizing is a practice, not a project. Being the green garrison of the school has been the greatest privilege I've ever had in my life. It has provided me with a lot of learning opportunities about circumjacent nature and the effects of substandard human endeavors on it.

It has also delivered a window to spread awareness about the various health hazards that accompany a dusty and feculent environment. I have also been able to educate and encourage my schoolmates and residents of my society to plant more trees and the vital role that immaculacy and hygiene play under the current circumstances. Overall, it has been a wonderful and fruitful experience for me and I'm thankful to the school for giving me this opportunity.

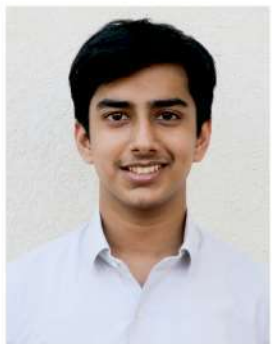

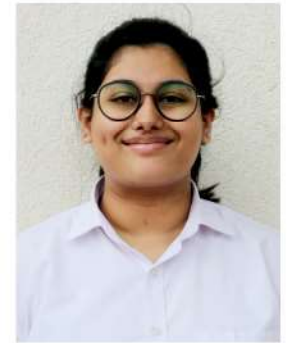

### **AKSHAT SHARMA - EMERALD HOUSE CAPTAIN**

My experience at this respected institution has been phenomenal, I have been at this school for the better part of my life and I am proud of it, this school has been an institution that has prepared me not only educationally but also in so many other fields of life, it has been like a second home to me. I have also had the honor and privilege of being a prefect twice and helping shoulder the responsibilities and learn from them, it has been a great exposure and has resulted in me developing myself by learning various essential virtues one must follow in life such as punctuality, discipline, and commitment. This school has also given me the chance to meet some of the most amazing friends ever. Overall, it has been a very enriching experience.

### **TWISHA RAO- EMERALD HOUSE CAPTAIN**

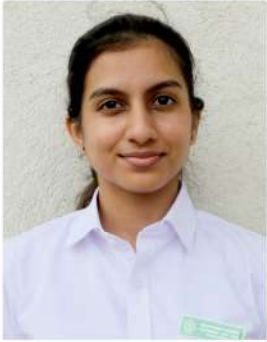

Being a council member in the Prefectural Board was an honor and surreal. Starting-off with little experience on how to get things done, I have now blossomed into a person who I was not a year ago. As a House Captain, I actively worked on impromptu challenges. Establishing a connection, communicating, coordination, and planning in a virtual setup seemed intimidating. But as rightly said – What does not challenge you, does not change you. For me, leadership is about listening, implementing feedback, standing-up for your team, and being exemplary. The leadership rigor as a House Captain, helped me gain immense confidence to perform even under stressful conditions and furthered my work ethic. As a council member, I got opportunities to discover new possibilities and grow!

### **SIDDHANT JAIN - EMERALD HOUSE PREFECT**

It has been an honor to serve as the emerald house prefect for the academic year 2021-22. As a part of the student council, I got to interact with some of the finest people, which otherwise was not possible due to the pandemic. I, along with my fellow emerald house captains, was also given the chance to organize events online, which taught me to face new challenges and tackle them as and when they arise. As a whole, my experience as a student council member was a delightful journey, and I thank all the teachers for trusting me and giving me this great responsibility.

### **ANOUSHKA GOEL- EMERALD HOUSE PREFECT**

Never had I ever thought that I would've gotten an opportunity to be part of this student council . And now that I am part of it, I'm so glad that I made the right decision to apply for this post. Being the Emerald House prefect has taught me a lot. It has taught me how to become a good leader, how to organize events and competitions, and lastly, to work together with my teammates. Moreover, I've learned a great deal about developing a good personality and I'll always keep all these memories to my heart as it was one of the things that helped me grow and develop myself.

### **PRATHVIRAJ SINGH GOUD- RUBY HOUSE CAPTAIN-BOY**

I first stepped into this school as a young and curious six year old boy and words aren't enough to describe how the last 12 years have been and to finally be on the prefectorial committee in my last year at the school was quite an experience: from engaging with the the juniors to working on various ideas with my fellow board members was quite an intriguing and challenging experience. As far as personal development goes, this role has developed me into a leader and has evoked qualities that I never know existed. To have this post during such tumultuous times was clearly an opportunity to experience this in a way no one had; all in all, I would like to thank all my teachers who have nurtured me up until now and made the me the person I am today. From the bottom of my heart, thank you .

### **NOSHITA ARORA - RUBY HOUSE GIRL CAPTAIN**

DPS, known for nurturing leaders, gave me the opportunity to serve as a part of the Student Council 2021 - 22. This was an honor and a privilege. I am a slightly different person now with a greater understanding of the world because of my experiential learning on duty as a member of the Student Council. Being a part of this team opened avenues to meet students from other sections, our seniors, and interacting via a string of events online. Meeting people beyond the classroom, exploring perspectives, celebrating diverse opinions, and resolving conflicts are some of the 21st century skills that I imbibed during this enriching journey.

### **SAMBHAV BAID - RUBY HOUSE PREFECT**

I have been in this school for 2 years now . Although my 2 years were mostly online, the student council experience was different and extraordinary. It was a pleasure serving the prefectural board and I'd like to thank all the teachers who found me worthy enough for the post

### **SAKSHI UMESH SAWARKAR- RUBY HOUSE PREFECT**

I had applied for a very different position than what I have received and I couldn't be happier with the decision because I have realised that your badge doesn't define you. It's about the work you put in and the amazing friends you make along the way. Being a Dipsite for just 2 years and a member of the student council for the last year has been an amazing experience even though it was online. The whole council has created a bond that is so strong and fulfilling even if it's long hours of work. Because we do it together, it feels like nothing and we enjoy doing it. I am very honoured to have gotten this position and the opportunity to contribute to the school in my own little way.

### **MUDIT MATHUR - SAPPHIRE HOUSE CAPTAIN**

I have been a part of DPS for 14 years and it has been a great experience being a member of the prefecture council for a second time. This time was undoubtedly different from 10th class but it turned out great. While being the Sapphire house captain I had the opportunity to interact with our juniors and talk to them about our school and its values. I also tried to encourage people to participate in inter-house competitions. I would like to thank the teachers who appointed me for this post so that I could give back to this school a fraction of what it has given me in all these years.

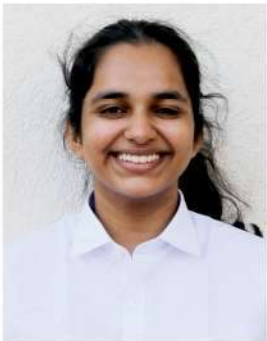

### **RUNUK JAJU - SAPPHIRE HOUSE CAPTAIN**

With a new day comes new strength and new thoughts.

I was given a chance by being appointed to one of the most prestigious positions of DPS Hyderabad- The captain of Sapphire house. Despite the pandemic, DPS never failed to organise inter-house competitions which developed our skills and personality. As a house captain, taking up the position taught me how to lead a group by striking the right balance of toughness and leniency according to the situation. I was privileged to be a part of a virtual farewell – Epilogue that was organised by the 11 graders for their seniors. I contributed my part by arranging games to make them laugh and enjoy their very last moments of school. The event was a huge success. I realise the responsibility to be taken up and try my level best to motivate and encourage myself and my fellow peers to take part in every activity or competition spanning across various dimensions. In the process of participating in these competitions virtually, I also improved my technical skills. I was always treated with love and care by the DPS community. This journey has been a fruitful one for me and it made me more responsible, diligent and taught me time management.

### **ADITYA JOSHI - SAPPHIRE HOUSE PREFECT**

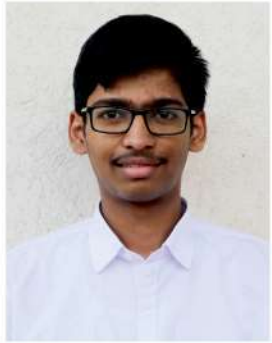

I have been a part of DPS since '09, nearly 13 years and it has been quite a journey. As the years passed my notoriety only increased and my chances of getting into the prefectural board were getting slim. But one of the most exciting moments for me, in the rather dull quarantine, was me getting my post in the prefectural board. It's been a pleasure and I'd like to thank the teachers who found me worthy enough of this post.

### **DISHA SHARMA - SAPPHIRE HOUSE PREFECT**

Getting selected to be a part of the student council is the best thing that could happen to any of us during these COVID times. It has given us so much experience and so much to learn from each other. It has brought out the best in me and has made me understand how we need to adjust with situations to handle them with care. Even though I only joined this school in grade 11, the teachers and students have done everything in their power to make me feel at home. Even during these difficult times I have had some great times with the council members which I will cherish forever. I would like to thank the faculty of dps hyderabad for trusting me and letting me be a part of the prefectural board and making the year 2021-22 a memorable one.

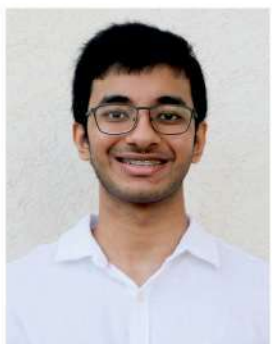

### **HARSHITH KUKUNURU - TOPAZ HOUSE CAPTAIN**

Over the past two years, the student council has held a special place in my school life. While COVID seemed to have destroyed any remnant of my last school days and I expected to graduate without knowing any of my classmates, I was able to meet several like minded intellectuals from all over the grade, thanks to the Student Council. Organising the farewell for our seniors together made me find some amazing friends at DPS. It was one of the few things that saved the last two years from a complete ruin.

### **VAISHNAVI- TOPAZ HOUSE CAPTAIN**

I remember how it felt when our class teacher announced and told us about the Student Body Elections. I was thrilled and so terrified at the same time. I'd been in DPS for a whole year, but everything felt so unfamiliar. I didn't know anyone, I hadn't ever been to the campus. I applied nevertheless, and that might be one of the best decisions I've made in the last 2 years. With the online classes, there wasn't a lot of scope to perform the actual council duties, but the relationships and the friendships I've made in the council, to me, took DPS from a place with a depressing air of unfamiliarity to a place with the comforting sense of home.

### **YASH NALLURI – TOPAZ HOUSE PREFECT**

I have been a Dipsite for the past 2 years. Although I couldn't have a true DPS experience due to COVID-19 and online school, being a part of the student council made up for it. Meeting different kinds of people and planning different events, like the farewell and teachers' day together, was an unforgettable experience. Being a house prefect taught me to strike a balance between my academics and extracurriculars while carrying out my respective duties. I'd like to thank the teachers for giving me this opportunity to be a part of this learning experience.

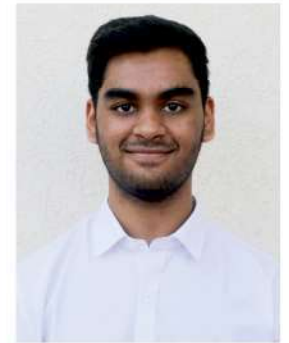

### **MARIYAM FATIMA- TOPAZ HOUSE PREFECT**

I seem to run out of words to describe my experience as a part of the DPS family, it was one big roller coaster ride indeed! Looking into the mirror, I see a more matured version of what I used to be 12 years ago and I'd be lying if I said that it was solely me. The past two years have been difficult, we all know that...but the very same situation made me realise that rock bottoms will teach you lessons that mountain tops never will. Amidst the trials of life lie the beautiful lessons like the ones we learnt and memories like the ones we made. I've always believed that there is a purpose for everyone you meet, for every situation you land in- some barge into your routine to test you, some to teach you and some to bring out the best in you and the latter is exactly the kind of people I met through the student council- my mentors and my friends. The events were loved by all, but what went on behind the scenes is definitely going to be my favourite memory, something I had the honour of being a part of, with the incredibly creative people I now know as my friends.

### **AADI HARISH CHINTAWAR - STUDENT COORDINATOR SCHOOL EVENTS**

I have been part of the DPS Experience for the last 2 years. Unfortunately, I was not able to experience the real DPS experience due to COVID and online classes but, It was a good experience, incomplete but fun. I applied to the Student Council to try something new and I was not disappointed. I have found great friends in my fellow council members and have had a memorable time working with this set of extraordinary people. We have had fun moments and been in stressful situations, but in the end we prevailed while having a fabulous time. We always had each other's back and support. In the future when I look back at my time I will be remembering the happy times I have had. Thank you for giving me such an opportunity in these unprecedented times and helping me make the most of it.

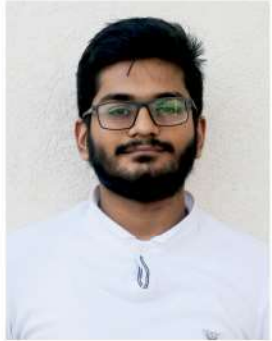

### **RITIKA GUPTA- STUDENT COORDINATOR OF SCHOOL EVENTS**

While joining the Dipsite family in 11th, I never would have thought that I would be part of its esteemed student council. Despite being a new student, I was welcomed by my peers wholeheartedly. In spite of the COVID pandemic and the enviable circumstances, I really enjoyed the role and responsibilities of my position as Student Coordinator of School Events. The online meetings, group discussions, group chats were intriguing, informative and enjoyable experiences. Listening to others sharing their ideas and their dedication to their duties really opened up my perspective and I learned so much more about organising events and appreciating all the hard work that goes behind it. It taught me about the importance of teamwork, punctuality and time management, skills which would surely benefit me in my future. Last but not the least, I would like to express my gratitude to the teachers for giving me this opportunity and to the Dipsite family for helping me grow- both as a learner and as an individual.

### **YASH KANODIA - BASKETBALL CAPTAIN**

I have been part of DPS for 15 years and I have made great memories that'll last for a lifetime. At the start of the year, I was kind of worried about how it would be like to spend another year in a pandemic, but when I was elected to the board it changed my thought completely. As a captain of a sports team I couldn't do much in the online world but the council members and my friends have given me many appreciable experiences. This board is one of the greatest groups of people I have ever been a part of and I'm going to remember their effort and support throughout my life.

### **ESHA BOPPANA - BASKETBALL CAPTAIN**

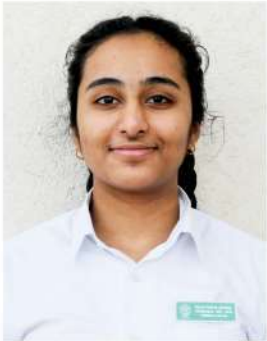

I have been part of DPS for the last two years. Even though we were in quarantine, being a part of the council was eventful. During this time, the council has given me loads of experience that I will always cherish. Thank you for letting me be a part of this wonderful council.

### **AKSHAT SAUROT - FOOTBALL CAPTAIN**

My life at DPS in the past 4 years has been one of the best journeys. When I was told I was appointed the football captain, I was ecstatic. Little did I know, COVID would show at our doorstep and we would barely ever get to host 'Euphoria' and all the other sports events. Despite that, having the opportunity of being a prefect and gaining different perspectives of all the other captains on how to lead the school during these tough times was truly inspiring. Participating and seeing others host online events showed me the unity and leadership skills within my peers and me. I hope to continue to sparkle my skills in the future and make the most of it even during the hardest times.

### **KAISHORI SUNKAVALLI-THROWBALL CAPTAIN**

I joined DPS 5 years ago and I was a little apprehensive about leaving the school I studied in for 9 years and joining a different one, but DPS never made me feel like an outsider. I felt like I belonged here. The last two years of schooling are important for every student, both academically and as a part of life where you make memories that you'll carry for the rest of your life. But there it was, COVID-19. Despite all the helter-skelter around, one thing I never needed to panic about was my academics because I was a part of DPS and DPS always comes through. Even through online learning we've made tons of memories which are special in their own way. I've always wanted to give something back to the school that has given me so much and being a part of the student council gave me that chance. The whole experience has given me an entirely new perspective on things. And once again, I'm so thankful for everything that this school has given me, memories, education and what not.

### **RISHI GOEL - CRICKET CAPTAIN**

I've been a part of DPS for 12 years and I'm grateful to the teachers and the sports department for giving me this responsibility. Due to the pandemic the experience of this post was incomplete but unforgettable, it has, in every dimension, given me a lot. It was a pleasure to be a part of this Prefectural Council.

# SPORTS AND ACTIVITIES

There are always a few things that one wishes to rewind and cherish throughout their life - getting together with friends, and having the time of your lives on the school playground is surely one of those.

Running down the stairs in order to make use of every second allotted for sports, forming teams, cheering and that resilience to leave the playground - all of it has a part in making the games period one of the best memories of school life.

# CAREER COUNSELING AND CAREER COUNSELING WITH ALUMNI

The image is a screenshot of a Zoom meeting. The main window displays a presentation slide titled "A message from Prof. Barry Barish". The slide features a video of Prof. Barry Barish with the text "A need for instant gratification." and a URL: [https://www.youtube.com/watch?v=9GIsSnLUhQ&ab\\_channel=NobelPrize](https://www.youtube.com/watch?v=9GIsSnLUhQ&ab_channel=NobelPrize). The meeting interface includes a top bar with participant names: Lalitha Ongole, SHARMILA LAHRI, Siddharth Bachoti, Gourav 11A (3), and Uday Rajan. A bottom bar shows names: 11A ADE 01, Lalitha Ongole, SHARMILA LAHRI, Siddharth Bachoti, MALA KSHATRI, Siddharth, and 13 11B Anqyan... On the left, a smaller window shows a document titled "Educational Institutions in India which offer courses in Post and Applied Quantum" and a slide titled "Quantum field theory and quantum information" with images of quantum computing hardware and a quantum circuit diagram.

Life is a difficult maze to navigate but a proper guide makes it easier.

## CLASS ASSEMBLIES

The casual and decent demeanor that often overshadows the toil behind the days and weeks of painstaking effort we'd exerted in hopes of a successful programme.

Pouring our hearts and souls into the beatitude of music, a feeling that inextricably tied everyone together in the room.

What better means to express ourselves than to engage in a marvelous theatrical display, while adorning such entrancing garments?

The many laughs and smiles that accompanied us during the Republic Day Celebrations; and contributing to the glory of the tricolour in our own little, but meaningful ways.

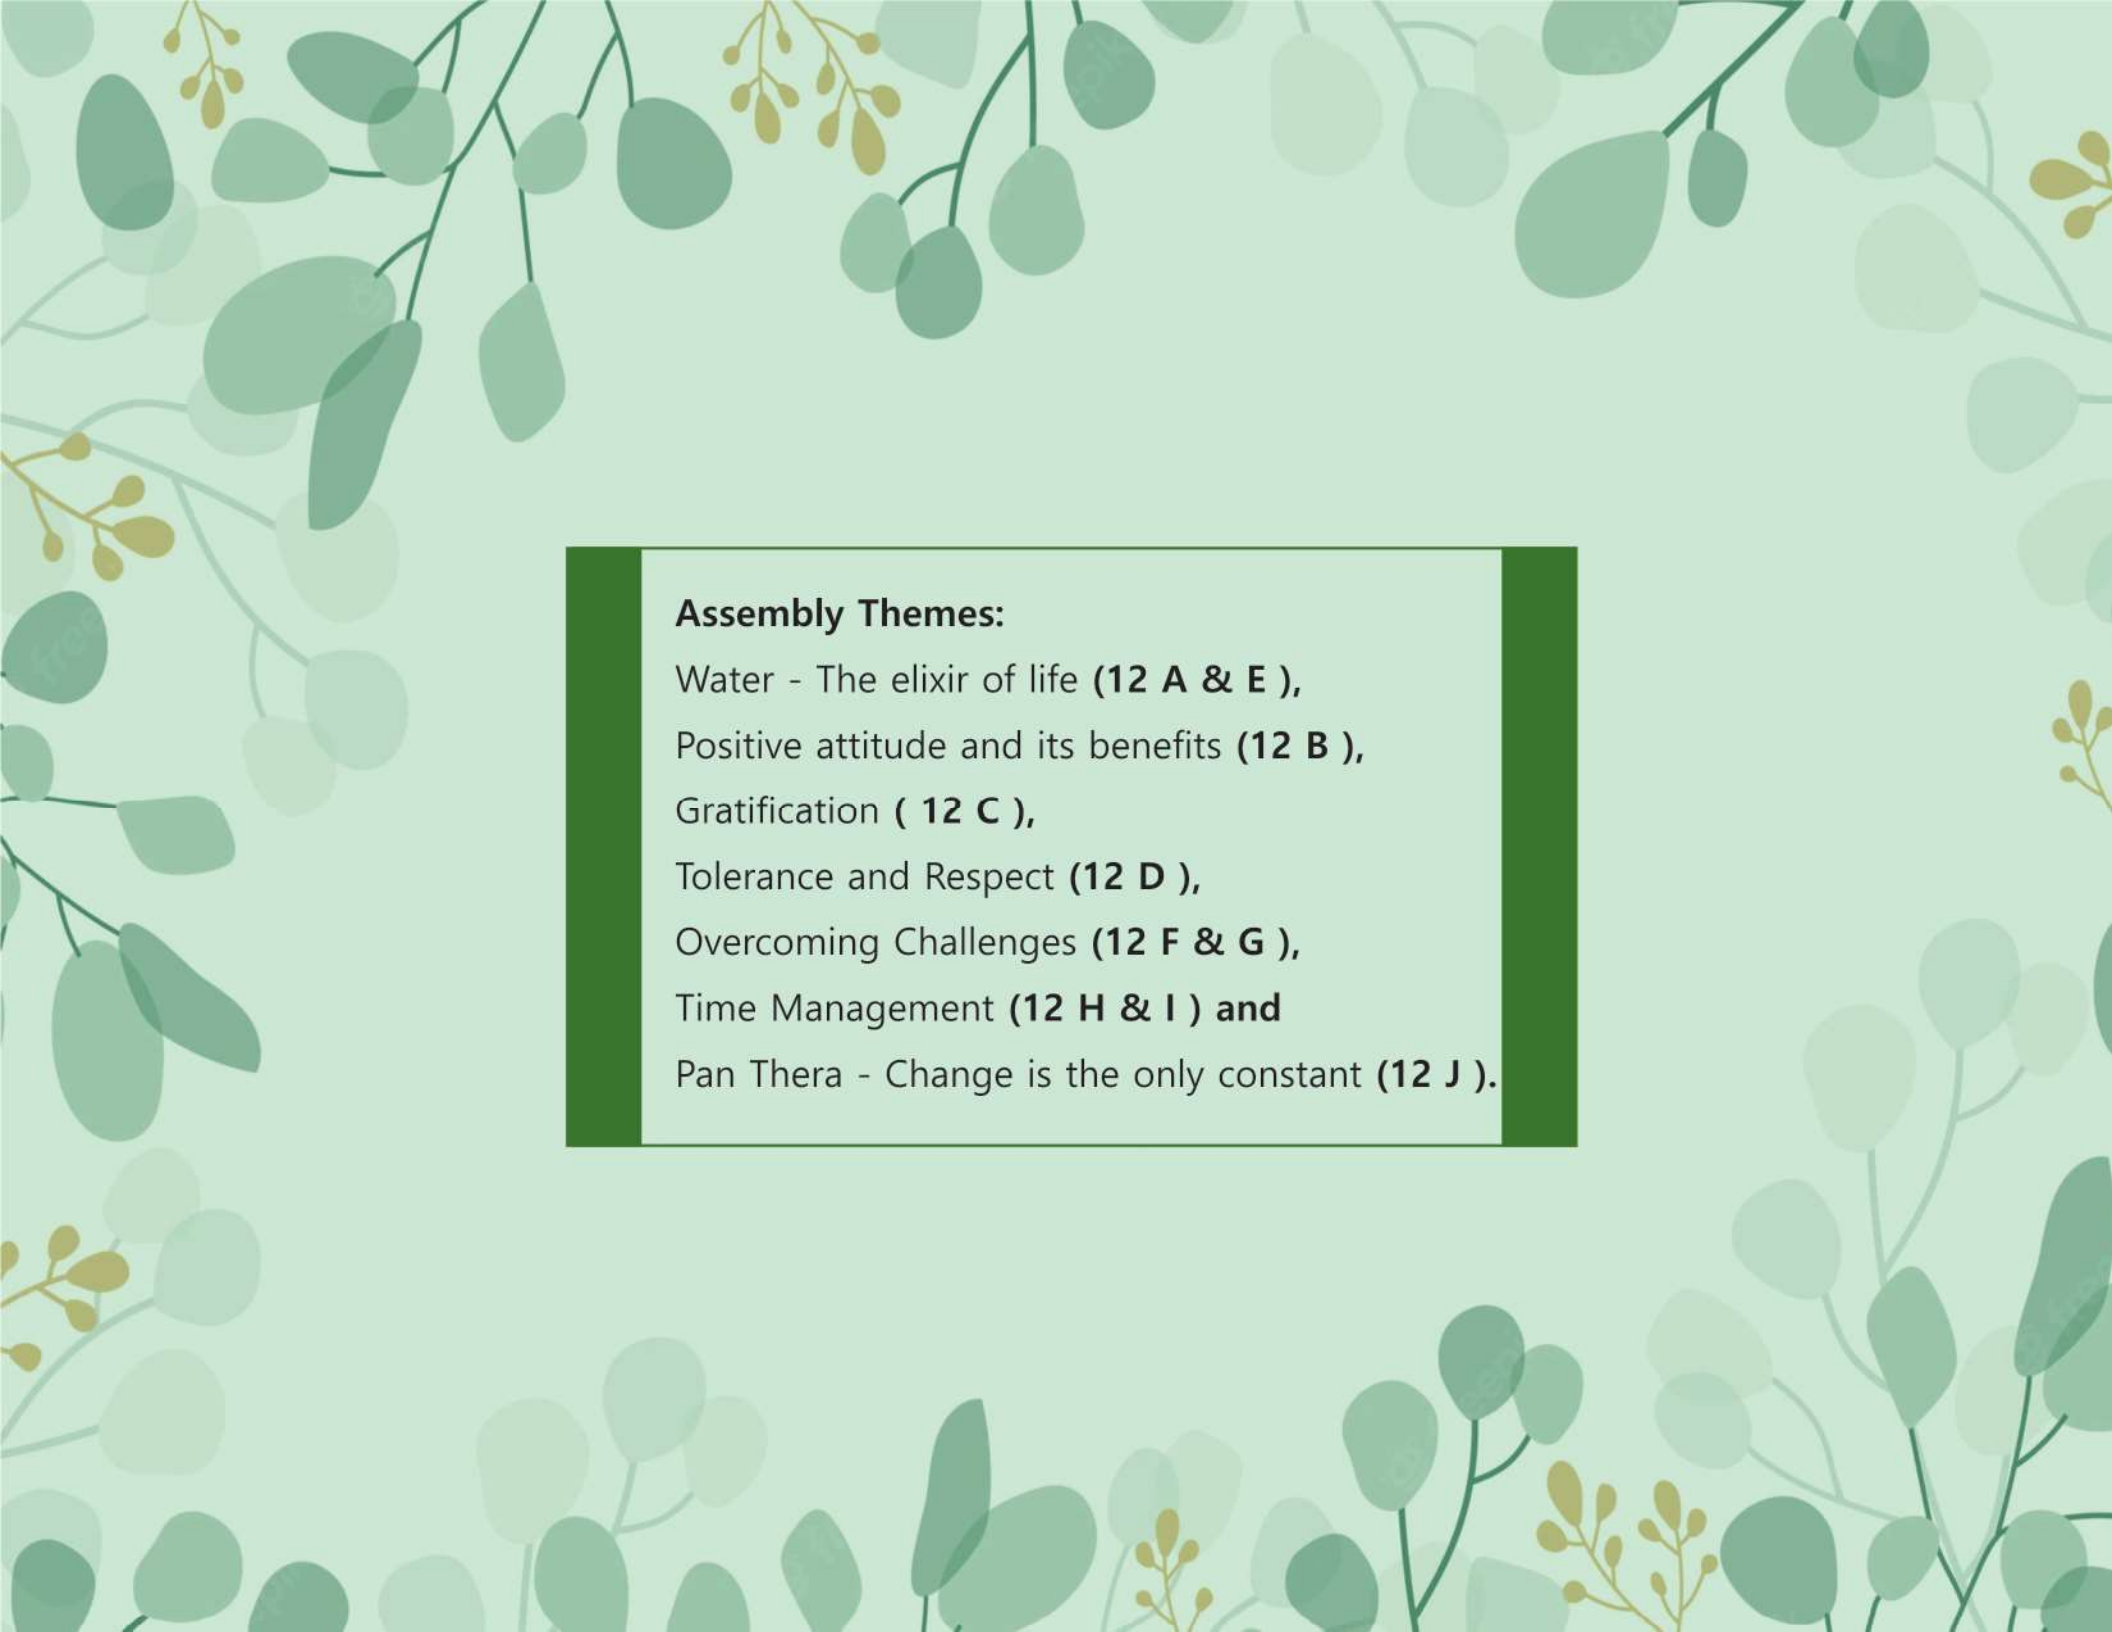

And the sense of accomplishment that we always sought was finally delivered through a successful undertaking of an offline assembly!

A world-renowned body of diplomats engaged in a rather serious deliberation over some very compelling issues, of sorts.

**Assembly Themes:**

Water - The elixir of life **(12 A & E )**,

Positive attitude and its benefits **(12 B )**,

Gratification **( 12 C )**,

Tolerance and Respect **(12 D )**,

Overcoming Challenges **(12 F & G )**,

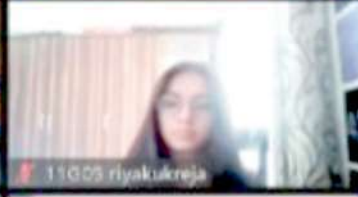

Time Management **(12 H & I ) and**

Pan Thera - Change is the only constant **(12 J )**.

## Deed of Partnership

This Deed of Partnership is executed on the 29<sup>th</sup> of April, 2021 at Hyderabad between:

1. Mr. Anil Aggarwal, S/O Karishk Aggarwal, aged about 53 years, Occupation: Business, R/O H.No., Bangara Hills, Hyderabad, Telangana, 500034. (Hereinafter called the "First Partner").
2. Mrs. Sakshi Aggarwal W/O Anil Aggarwal, aged about 50 years, Occupation: Business, H.No., Bangara Hills, Hyderabad, Telangana, 500034. (Hereinafter called the "Second Partner").

Whereas the parties First and Second have joined together to form themselves into a partnership firm to carry on the business of partnership hereinafter described with effect from 29<sup>th</sup> of April, 2021 under the name and the style of "M/S. Anil Aggarwal Constructions" at H.No. 1-12-5, Bangara Hills, Hyderabad, Telangana, 500034.

Whereas they are now desirous of reducing the agreed terms and conditions of the partnership into writing on proper stamp paper as hereunder.

ADITI

SIMRAN JAIN

In case of death of a partner during the year, his/her executor is entitled for share of profit up to the date of death of the partner. The share of profit can be calculated by one of the two methods.

1) **On time basis:** Under this method, profit up to the date of the death of the partner is calculated on the basis of the last year's year's profit or average profit of last few years. In this approach, it is assumed that the profit will be uniform throughout the current year. The deceased partner will be entitled for the share of the profit proportionately up to the date of his/her death.

**Example:** A, B and C are equal partners. The profit of the firm for the years 2008, 2009 and 2010 are Rs. 10,00,000, Rs. 7,00,000 and Rs. 13,00,000 respectively. C dies on April 30, 2011. The share of C in the firm's profit will be calculated on the basis of average profit of last three years. Firm closes its books every year on December 31.

In the 2008, C's share in the profits will be calculated for four months, i.e. from January 01, 2011 to April 30, 2011.

Average Profit =  $\frac{10,00,000 + 7,00,000 + 13,00,000}{3}$   
 = Rs. 11,00,000

C's share of profit =  $10,00,000 \times \frac{4}{12} \times \frac{1}{3} = \text{Rs. } 1,11,111$

*Share of Deceased Partner's Profit =*  
 Average profit's Time period from the date of death till the end of the year  $\times$  All share  $\times$  X profit's share of Deceased partner

## Second METHOD

2) **On the sale basis:** Under this method, profit is calculated on the basis of last year's sale. In this structure, it is assumed that the net profit margin of the current year's sale is similar to that of the last year's.

Share of Deceased Partner's Profit = Previous Year's Profit  $\times$  Sales from the beginning of the current year up to the date of death  $\div$  Share of deceased partner

**Example:** X, Y and Z are equal partners. The last year's sales and profit were Rs. 25,00,000 and Rs. 2,50,000. Z died on the April 30, 2011. Sales of the current year till the date of Z's death amounts to Rs. 12,00,000. Firm closes its books on December 31 every year.

Z's share of Profit =  $\frac{2,50,000}{25,00,000} \times 12,00,000 = \text{Rs. } 1,20,000$

# OH MOTHER!

Oh mother! How you do the things you do  
 From helping me in every situation  
 To taking me wherever I want to go  
 I wonder how with me you're so patient

Oh mother! You're the best  
 You always light up my mood  
 And to have you I'm blessed  
 I wonder how you're so good

**Accounting Treatment to goodwill at the time of Admission of a Partner**

- Goodwill (Premium for goodwill) is brought in cash or by cheque by the new or incoming partner & is retained in business
- Goodwill (Premium for goodwill) is paid privately
- When the new partner does not bring his share of goodwill
- Goodwill (Premium for goodwill) is brought in cash or by cheque by the new or incoming partner & is withdrawn by sacrificing partners fully or ratably
- Goodwill (Premium for goodwill) is brought in kind
- When a part of goodwill (premium for goodwill) is brought

## TEACHERS' DAY CELEBRATION

Teacher's Day event, organized on **7<sup>th</sup> September, 2021**, **perfectly encapsulated the message the students of Grade XII wished to convey to their beloved teachers.**

The 2-hour-long program featured an interesting take on the school assembly, by transforming the entire event into a skit-like presentation on the life of teachers. This was well coordinated by Khevna, Arko, Aarohan, Anshika, Sakshi and Tarun. This was peppered by a wide assortment of dances, music which the students of grade 12<sup>th</sup> enjoyed presenting.

The day's sequence began with a prayer by the acting Principals and a shloka by Priyanka V that mesmerized all. The highlight of the programme was a beautiful presentation by Aarohan Hariharan and team as a tribute to our heroes, the frontline workers. From doctors, farmers, defense, parents and teachers, it was an apt tribute to those who have sacrificed their comforts and safety during these trying times. It was not only a fitting acknowledgment of their contributions, but a presentation everyone enjoyed.

The presentation also included an homage to our dear colleague Ms Radha Neti , who left us for her heavenly abode this year. The students then took the opportunity to show their utmost gratitude towards the educators, their teachers who have been toiling tirelessly to make sure that the children of this generation do not lose their education in the midst of the pandemic. Udita Gowdety, presented a gorgeous show where she portrayed the roles of different teachers and how they have made a difference. The programme was exquisitely structured and brought tears to the eyes.

This was followed by the speeches of the acting Principals of the day, Nidhi Kolachana and Aaron K James. Nidhi presented a poem that was appreciated by all and Aaron always impresses the audience with his natural flair.

In her speech, Principal Ms Geetha Vishwanathan, appreciated the efforts put in by the students and reiterated the role that teachers play in shaping the lives of their students. She applauded the teachers for their great effort and dedication to this noble profession.

A valedictory speech by Udayan made the program complete.

The eventful evening came to an end after the student council organized and conducted a series of games for all the teachers, taking them down memory lane and bringing the event to a close.

# 15 YEARS @ DPS HYDERABAD

**Rohan Chadha, 12A**

Delhi Public School, Hyderabad. It is one of the best schools in the city having classes from pre-nursery to XII. The school has a very lively and cheerful atmosphere with well-ventilated classrooms, modern teaching aids, well-equipped science labs, and computer labs, a library facility, huge playgrounds, and everything one would wish to have in their school. There are many co-curricular activities organised from essay writing and quizzes to art and various different sports for all-round development of the students. There is also a very good infirmary with beds and basic medical facilities.

The teachers of the school are very kind and cooperative, and help out the students in every possible way. They do their best to nurture our future. The school conducts practice tests often and also make the students do activities in the laboratories for a better understanding of concepts.

"Memories are those which give life to our lives and the experiences from them shape our path." If I look back today and see the flashes of my life, I instinctively find a smile on my face. It's been a tremendous journey since 2007 to carry that smile all along till today. But who is the reason behind the smile? The supportive faculty, life-time valuable friends, or the well wishing principal. I believe it is the vibrant environment that all of them have nurtured together- the DPSH environment.

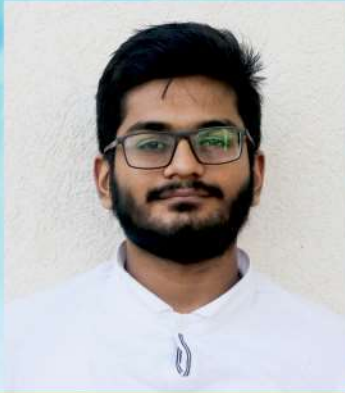

The School always presented a pool of opportunities to bring a silent kid like me out of my comfort zone. From the peaceful soultime to the exuberant lunch breaks, it was always "FUNtastic". The fun we had in the name of assemblies, Dance practice, substitution periods, sports meet, inter house competitions, field trips, and especially excursions, was speechless.

Just like the tail of a bird which stays at the back and helps in the stability over a range of speeds, the teachers also support by doing more than the needful to remain stable in any situation. They put their best efforts to deliver the same even in the online mode. It's time. The birds are ready to fly from their nest to face the world. DPSH was, is, and will be the memorable nest to this bird."

**M Pavan, 12B**

**Yash Kanodia, 12C**

DPS: a place which is not less than a second home for me. My journey here began way back in 2007 when I was just 3 years old and now, 15 years later, I couldn't have imagined a better journey.

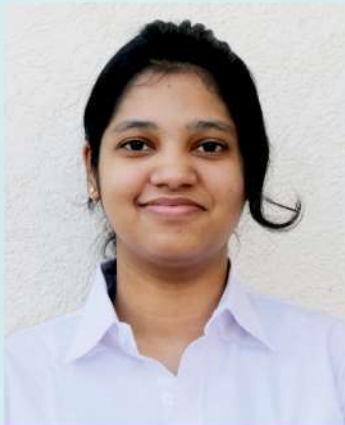

I am sure that even if I live a 100 more years I wouldn't be able to make the number of great memories I have made in the past 15 years. Making memories with all our friends and teachers in classrooms, corridors, playgrounds, and even the assemblies; Running around in the corridors, bunking classes, having the best sleep on the backbenches, playing games, bus rides during field trips, and getting scolded a few times I can't thank all the teachers enough, who have helped and supported me through this journey, not only giving me the knowledge in the books, but also giving me the knowledge of life in every stage and even for the future And now when I look back and remember the school, the classrooms, and corridors, it's hard to believe the journey is about to end but as it's been said: "once I dip site, always a dip site".

I can't believe it's been 15 years since this amazing journey started. Everyday was special and exciting even though I had my ups and downs. As a child, I learned, cooperated, got myself motivated under the best company of my teachers and friends. The best part of my school life are the excursions to Vizag, Rajasthan and Singapore. I had so much fun and I'm going to cherish those memories forever. I don't think I wept on the first day of my school but I'm surely going to weep on the last day. I learnt at least one good thing from every teacher that made me who I am today and I want to thank them wholeheartedly. The joys of school life are surely countless. Indeed, the school days are the best of our lives.

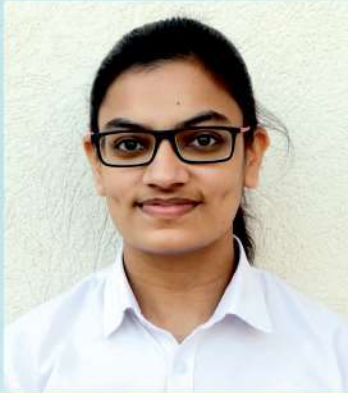

**Kruthika Reddy K, 12E**

My journey of 15 years at DPS, Hyderabad has been an unforgettable one. The transition from wearing checked tunics to white uniform, moving from the primary block to the main building, writing first term exams from grade 5, the various assemblies and ceremonies, NGOs, excursions, every year had something new to look forward to. It has been a thrilling roller coaster ride at this school which has always taught me to be myself and have confidence. Whenever I think about school life coming to an end, I can't help but get emotional, because it has given me everything: beautiful memories, everlasting friendships, morals, and principles which have moulded me into the person I am today. Writing this message officially marks the end of my long journey. I am grateful to everyone who has made my journey phenomenal at this prestigious institution. As Winnie the Pooh once said "How lucky I am to have something that makes saying goodbye so hard" and I can't agree more.

**Khushii Aggarwala, 12F**

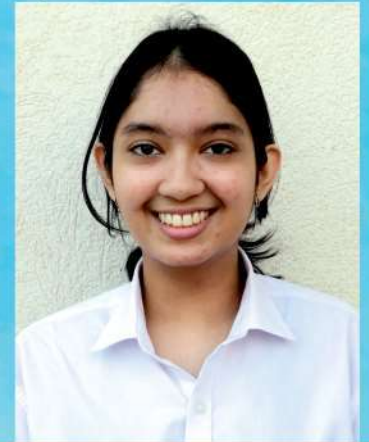

**Shreya Totla, 12F**

I have spent over 14 years in DPS. When I look back upon my years in the school, I remember, at first, a 3–4-year-old shy, reserved, and timid girl- someone who was scared to open up, to ask doubts, to express herself. The next things that comes to my mind are the Elocution, Skit Competitions, Annual functions, and assemblies —all of which helped me reduce my stage fright and gain confidence. I will forever be grateful to DPS for giving me numerous opportunities, helping me discover my strengths, and giving me the confidence that I badly needed. When I look back at my journey, I see a truckload of happy memories — field trips, class parties, sports days, excursions and annual functions. I cannot believe how fast time has flown and that 3-year-old girl is now 17 years old. I will forever cherish this entire journey of memories filled with wonderful teachers who have taught me and have always answered all my doubts with patience, amazing classmates that I've shared so many laughs with, excursions and field trips, laughing and singing in buses, preparing (and crying) for exams, roaming in corridors with friends, planning assemblies and so many more. Needless to say, I have had a remarkable experience in DPS which I'm sure will help me face the outside world confidently!

Hello there, I am Ayushi Sharma and I have been in DPS for 15 years. YES, that's right, 15 years!! Still feels like yesterday how I came to school dressed up in a pinafore dress. DPS for me personally, has been like my second home. In all these years I have made uncountable memories not with just my friends but with the teachers too. The sentence "no two people are alike", does not hold its meaning here in DPS, all the teachers here are so loving and so caring as if all of them were made out of one mould. The support that one gets from the teachers is truly admirable. I have never been in any other school till now, so DPS holds a very special place in my heart. The memories that I have gathered across all these years will always be cherished and remembered forever.

**Ayushi Sharma, 12F**

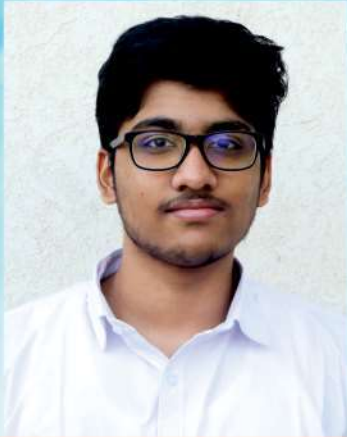

I can proudly say that this is my 15th year in Delhi Public School, Hyderabad, and there was not a single year when I felt like the staff wasn't supportive. Instead, they made me feel like school was my second home with beautiful surroundings. My school had all the annual cultural days and other activities which dragged me to school even when I was not well. The biggest reason behind my success are both my ex-principal ma'am and present principal ma'am. I also made friends with so many of my teachers. School life is the best time of our life as we make new.

**M SIVAIAHGARI  
JAYASIMHA RAO, 12H**

My beautiful journey of DPS began at the age of 3, with an empty mind and ended at age of 18, with mind full of curiosities, memories and joy. Thankyou DPS for everything. It will always be a special place in my Heart.. :)

**Tribhuvan Garapati, 12H**

Delhi Public School, Hyderabad. It is one of the best schools in the city having classes from pre-nursery to XII. The school has a very lively and cheerful atmosphere with well-ventilated classrooms, modern teaching aids, well-equipped science labs, and computer labs, a library facility, huge playgrounds, and everything one would wish to have in their school. There are many co-curricular activities organised from essay writing and quizzes to art and various different sports for all-round development of the students. There is also a very good infirmary with beds and basic medical facilities.

The teachers of the school are very kind and cooperative, and help out the students in every possible way. They do their best to nurture our future. The school conducts practice tests often and also make the students do activities in the laboratories for a better understanding of concepts.

It's hard to sum up my time and life at school, and that too 14 years! It seems like yesterday I was in nursery, crying every Monday morning so that I could take a holiday. From crying to compromising and finally loving school. It's been a joyride. I can't think of my primary school without a sandpit and secondary school without the annual days and cultural days. Making sweet and unforgettable memories every day, be it an argument with a classmate or cracking stupid jokes in the corner of my class. A proud Dipsite and a keen person is what my school has shaped me into. A big thank you to all my teachers, especially my math teachers for tolerating my confused calculations every year!

**Aarushi Goel, 12-I**

**Vansh Kumar Singh, 12-I**

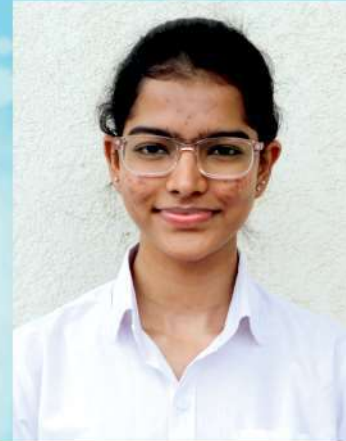

The past 14 years have been a rollercoaster ride in DPS. Through the brilliant minds of my friends and the wisdom shared by them, I have learned a lot of stuff and enjoyed every bit of moment at school. I have gained an immense amount of knowledge from my teachers who have guided me through every situation of my life. I am really grateful to DPS for providing me with such a stage for learning, showcasing my skills and understanding the value of our service. Delhi Public School has also made me realise my true potential and my interests which has helped me a lot throughout.

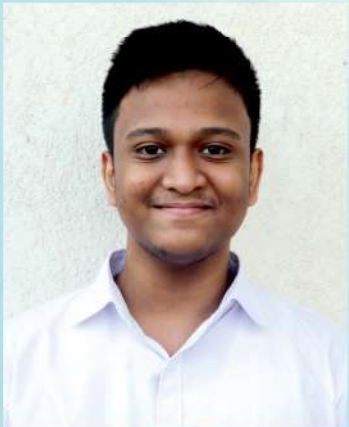

**Mridul Goyal, 12-I**

My experience in DPS has been memorable. In this school, the teachers and seniors have always been very supportive and encouraged me to study harder and help others. Even in sports, teachers have helped me improve in all sports. I have been here for more than 10 years, and these 10 years have been the best time I have experienced.

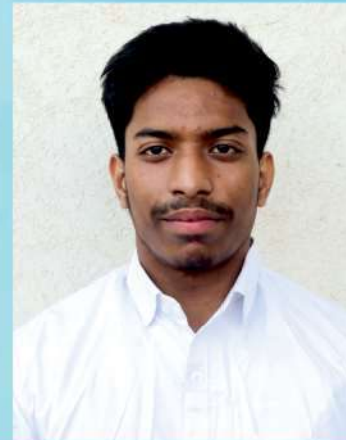

**Lasya Avulasetty, 12-I**

School is said to be a temple of knowledge, the very first place that introduced you to the world and more so, your own self. My school life has been full of different experiences over the years. It is a place of irreplaceable memories. DPS helped me transform and finally evolve into a full-fledged individual, ready to step out into the complex world. I will always feel proud to be a Dipsite!

**NBV Siddharth, 12-I**

I have been at DPS since 2008 and I have never regretted the time I have spent here. All the scolding I received from the moment I joined to the moment I leave will always be remembered. For what I'll become in life is all thanks to the teachings and guidance I have gotten from the teachers and all of this will have a special place in my heart. There is a reason school is called a second home and I'm glad I got to know it.

**Mohd. Arbaaz, 12-I**

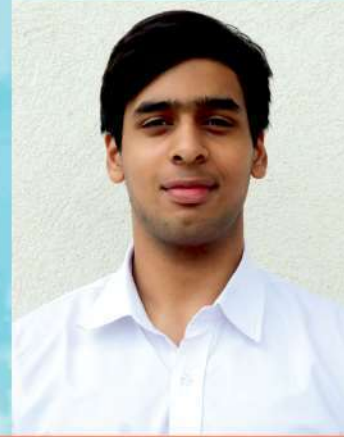

School is a place where we learn to read and write. It is the most crucial place for a student and it helps us to learn new things and skills. DPS taught me how to be consistent, punctual & obedient. Most of what we learn is a result of the learning imparted by our teachers. DPS endowed me with right values at an early age, it was like a second home to me. It taught me many valuable life lessons that I can incorporate in my daily life. Overall, DPS has made me a better version of myself that I will be forever grateful for.

**Harshit Goel, 12-I**

It is said that a person always remembers their first day and last day at school. The first day a child remembers because they come in weeping, and the last day because they leave weeping again. In my case, I remember clearly my first day and last day at school. The joys of school life are surely countless. Indeed, school days are the best of our lives.

**Aryan Garg, 12-I**

School life is the best time of our life as we make new friends, learn new things and build our career there. I love my school as it has shaped me up as an individual – ready to welcome the outside world and face challenges with confidence. I have made my best friends here, whom I will treasure for life! All my teachers have guided me here and I have learned many valuable life lessons. My time in DPS has given me the best memories that I will cherish forever.

**Harsh Madhavaram, 12-I**

DPS is an amazing school with excellent academic standards. I am indeed very glad to be a Dipsite. I have learned a lot in the exemplary environment that the school has to offer. The excellent infrastructure here has supported all-round development of me as a student and I thank my dedicated teachers who have made every effort to help me in every way possible. I also thank the school management for being understanding, responsive and supportive.

**Bhavika Goel, 12-I**

I remember way back during school days I used to hate waking up in the morning (which I still do) and dress up to go to school, recalling all the previous days' homework that was forced upon us all. I used to think to myself everyday "Oh God! When will I grow up and be free from the burden of studies all the time." But now I would just do anything to go back to my school days, sit in my classroom, play odd or even and tic-tac-toe with my friends and exchange juicy gossip. I'm sure there are a million other memories that we have about our school like birthday celebration, praying for a substitution class, teacher's day and sports day which were all so fun!

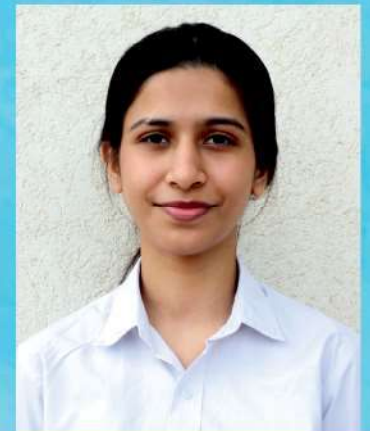

**Sujal Akshay Shah, 12-I**

Memories are the part and parcel of everyone's life. A person always remembers the good days he has passed. There are some good memories and some bad ones in life. The good memories are the good experiences one gets in one's life. This is a glimpse of my good memories of my school life.

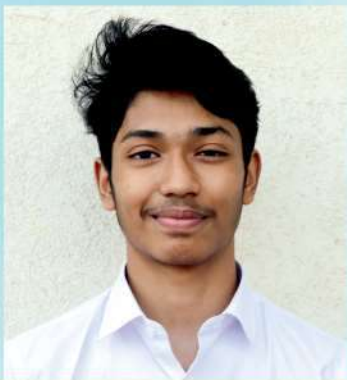

The life in DPS was the golden time period of learning. It truly impacted my life. The importance of school life can never be negated. DPS nourished me with all experiences, all ups and downs; giving me confidence and motivation to do the best. DPS blessed me with best ever friends for the rest of my life. The memories of my first day are still vivid. I remember how warmly I was welcomed by my class teachers although I kept crying the whole day. As a child, I learned to cooperate and work in a team, was motivated and groomed under the guidance of my teachers, and was moulded in the company of my best friends. I surely am going to miss you, my second home, I love you. Proud to be a Dipsite!

I have been in DPS since nursery and this place has given me pretty good memories and experiences. I have learnt so much from teachers, fellow peers and other students. Since nursery, I have been given endless opportunities to do something good and helpful. DPS has taught me good habits as well as right and rational thinking. It has made me duty-bound and obedient. The teachers here are so calm and patient. They have always had the students' backs and helped them with anything they needed. They pushed us forward to be a better version of ourselves and were so friendly and committed to teaching us. The memories I have made in DPS are unforgettable. School was the best part of everyday for me. I loved going back to my friends, chatting with them, laughing with them. Sometimes we got into trouble too but now when I think about it, I just laugh. DPS has been great and I'll miss it.

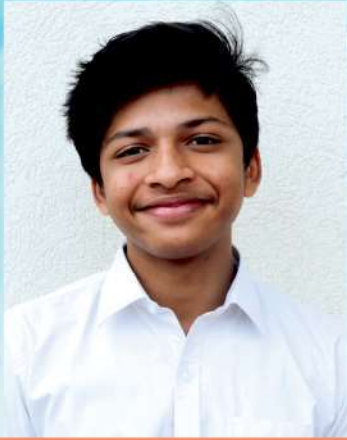

**Kashish Setia, 12-I**

Everyone keeps on saying that school life is the best time of your life. While hearing these phrases from elders, we school students wonder what is so good about school life after all. All we do the entire day is attend classes and do homework. But once school life gets over, we realize that it was indeed the best time of our life. It has been an unforgettable journey which will remain in my heart forever. My school life was filled with lots of fun, excitement and love. It made me understand the value of time and has become a wonderful chapter in my life!

**GSSV Prasad Sangam, 12-I**

**Keshav Kumar Agarwal, 12-I**

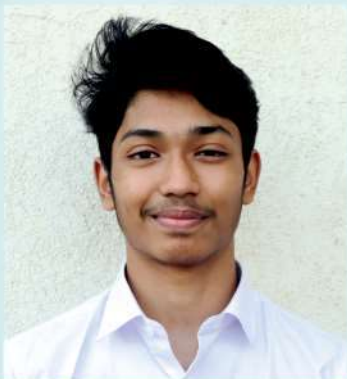

Studying for so many years in DPS, Hyderabad was a great experience. School is a place where we get an education. It prepares us for our bright future and it is directly connected to the quality of life. In fact, an individual's future is designed in a school.

DPS has taught me how to accept challenges and overcome them. I have developed as a complete individual here and hope to live as a good citizen. I have learned many lessons here – more life lessons than academic ones! And for this I thank my teachers for constantly having faith in me and helping me evolve year after year. Proud to be a Dipsite and hope to make DPS proud of me one day.

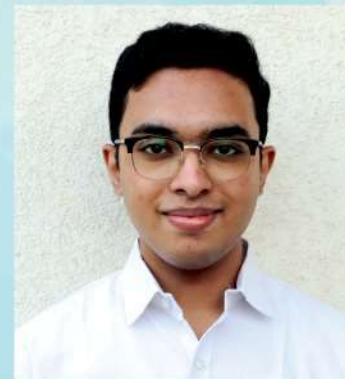

**Mohana, 12J**

I gained abundance of knowledge, fun memories which moulded me into the person who I am today.

**GSSV Prasad Sangam, 12-I**

Everyone keeps on saying that school life is the best time of your life. While hearing these phrases from elders, we school students wonder what is so good about school life after all. All we do the entire day is attend classes and do homework. But once school life gets over, we realize that it was indeed the best time of our life. It has been an unforgettable journey which will remain in my heart forever. My school life was filled with lots of fun, excitement and love. It made me understand the value of time and has become a wonderful chapter in my life!

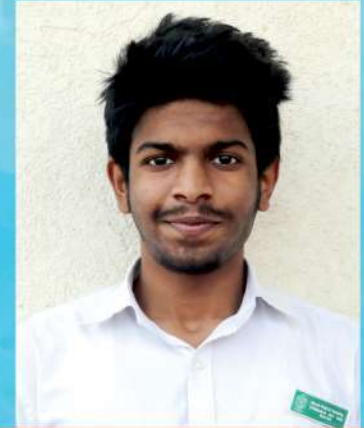

**Tarun Salim, 12J**

My life at DPS has been like a rehearsal for the life that I will have to lead post-graduation. The greatest learning experience of my life.

To summarily assay the education of fifteen years is no easy task; to recollect them with eyes undimmed by the passions of the moment, even less so. Yet, however the task may be, it must be done—for to deny those years would be to deny the whole of my being. In the remembrance of things past, I am met with no experience at DPS of which I may not find a correspondent reflection in my soul. The long assignments, the weekly tests, and frequent chastisements all served as hammers in shaping the still-red metal of my youth. And in later days, we all, engaged in the tumult of conversation, polished one another by the flash of wit, the sprightliness of mirth and the gravity of knowledge—all under the indulgent and overarching hand of our benign faculty. I place special emphasis on the confluence of diverse and learned students because the most vibrant colours of our psyche are painted by our peers. Only an equal in stature may prove a friend to the heart and a home for the lost. Even I, like a stranger in a strange land, with only the English language to scour for friends, was able to find companions issuing forth from the extremities of this country: compassing the precipices of Kashmir to the forests of Odisha and the backwaters of Kerala. But those days have come to an end, and as sojourners in the vast forest of life, we part with the promise to one day reunite as great men and great women. Whatever may come to pass, then, we bear with us the ensign of our institution, not on the collars of our shirts, but in the confines of our hearts.

**Aaron K. James, 12J**

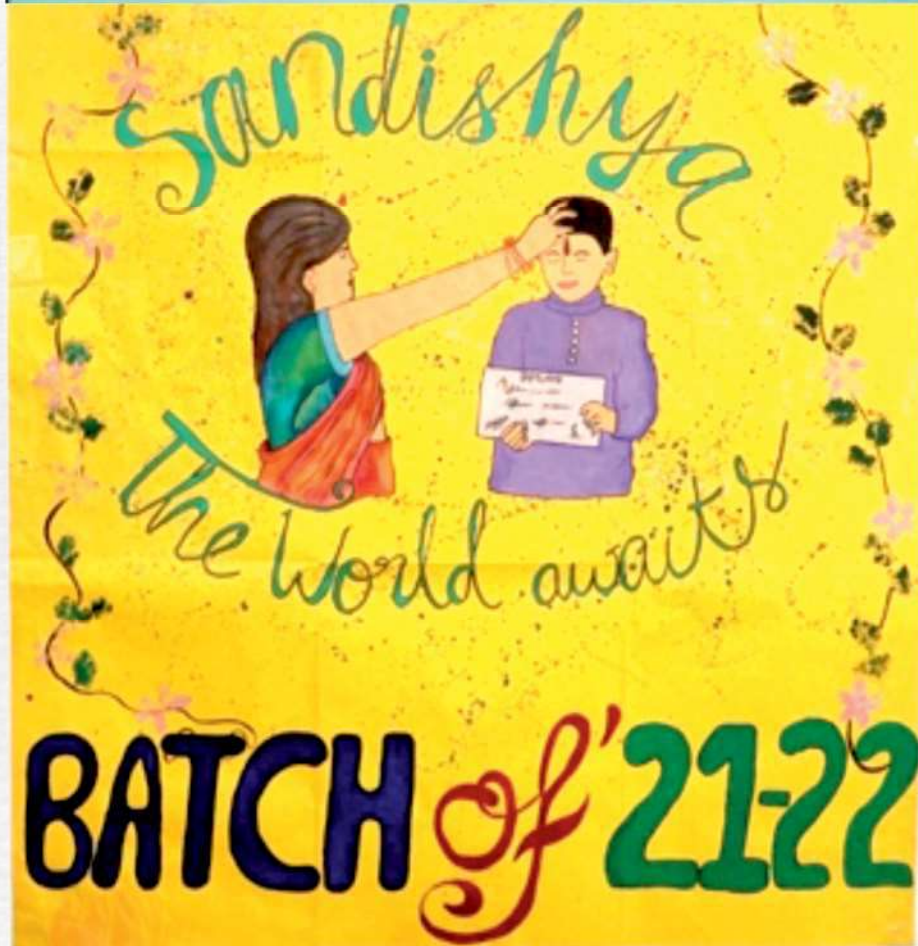

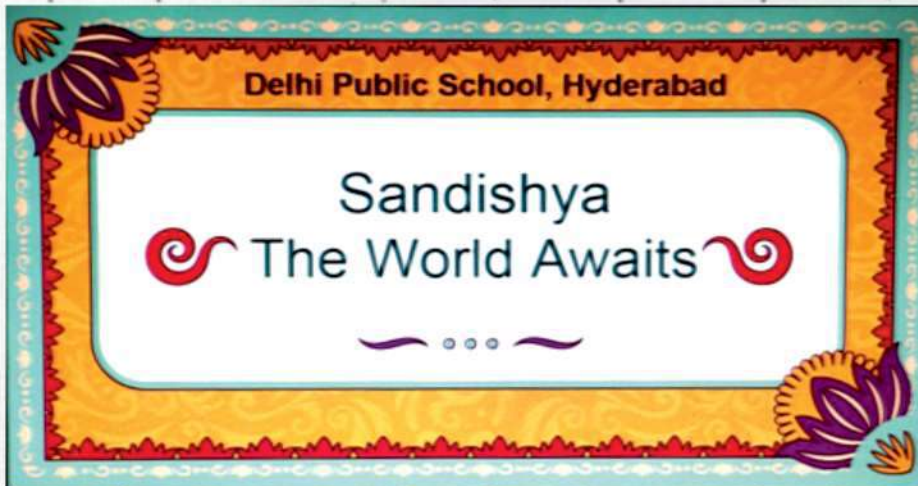

# SENIORS FAREWELL

The resplendent suits, boots, and sarees we adorned as we entered the gates of our school one final time; we ushered in the sound of worthy applause all for the hardships we've endured, as well as the most ineffable of joys we have experienced the past few years.

As we finally buckled our shoes to assemble together on a day that symbolized our sorrowful parting, who can forget the thrilling games session?

The juniors with their melodious symphony as a parting tribute to the batch of 2021-22

A dance that enraptured everyone amidst the bittersweet emotions we felt on the day of the Farewell.

Alas, with memories they made with their mentors and batch mates as the one and only souvenir of a year that cannot be recapitulated in words,

They are sent out into the real world to feel and experience all that the magnificent journey of life has to offer.

And just like that, After their final year in the warmth of their school, The exuberant batch of 2021-2022... embark to commence a brand new segment in their lives and pursue their dreams with a newfound attitude and the anticipation to prove themselves.

# MEETING THE HIGHFLIERS

You may leave school, but it never leaves you !

The afternoon of 29th July 2022, saw a bunch of eager, joyful, exuberant students arriving at the school to meet their friends and teachers for a 'High Tea' and spend some time to reminisce their journey in this institution. **These 'Highfliers' were the recently graduated students of Grade 12, who had the proud distinction of scoring more than 90% in their Board Exams.**

Braving the rains, these young achievers gathered to share their experiences in the school. Some have spent more than fifteen years in DPS Hyderabad while others a mere two years, but the afternoon was filled with memories, recollections, candid confessions and stories that made everyone emotional. While every student had his or her own anecdote to share, they all attributed their accomplishment to the teachers who not only were their source of inspiration but also an integral part of the journey in DPS, which in the words of most students- 'was their second home'.

These scholars of the 2022 batch, had most of their classes online, and their stories of jollity and revelations made everyone reminisce those days when both the student and the teacher was grappling with online classes. From inspirational moments, to sleeping in class, jokes by the teachers that were never understood and the constant prodding to turn on cameras, the communication was not only very stimulating but also exhibited how the faculty never gave up when times were tough. The spontaneous gratitude by the students made the teachers feel proud and happy that their mission was accomplished. Nothing gives the teachers more satisfaction than to see a bunch of happy, confident and efficacious youngsters, ready to take on the world with self-assured steps. Afterall The greatest sign of success for a teacher.. is to be able to say, 'The children are now working as if I did not exist.'The teachers too shared their thoughts and experiences in this journey to achieve excellence.

The Principal Ms. Geetha Vishwanathan greeted everyone and wished them a safe and successful journey ahead. She reiterated the faith she had on her team and assured all of her support in all future endeavours. The meeting with the 'Highfliers' was a happy but nostalgic assembly that will be treasured by all.

The get-together culminated with refreshments and plenty of photos to cherish forever.

# ONE FOR THE MEMORY
