

Grade V – Excursion to Vizag and Araku Valley

The students of grade V had a memorable excursion to Vizag and Araku Valley. It was a 3 days and 2 nights trip. Being on their own, away from parents and travelling with friends for the first time, the students displayed great sense of responsibility and ownership towards themselves and their friends. The first stop, Vizag was filled with excitement as the students visited the aquarium, the Maritime Museum, an actual submarine and Kailashgiri with its colossal 40ft tall idol of Lord Shiva.

How can a visit to Araku Valley be complete without a visit to the mysterious and majestic Borra Caves? A treat for the senses was the lunch atop Ananthagiri Hills followed by a trip to the tribal museum.

The cherry on the top was a visit to the beach where the students relished the company of the sand, the sea and their friends; memories as precious as pearl!
