

Grade VII – Creative Corner

‘Creativity is a wild mind and a disciplined eye.’ – Dorothy Parker

Creativity makes life infinitely interesting and fulfilling. Creativity plays an important role in overall development of children as it promotes freedom of expression, reduces stress and anxiety, boosts problem solving skills, improves focus and attention, helps them to be a better communicator and also gives them an opportunity to find their passion and future opportunities.

To give wings to the imagination of the students an Inter house competition – **“Creative Corner”** was conducted for students of Class VII on 12 July, 2018. Students were asked to use waste cardboard or plastic containers to create a utility item. Students from each section were divided into groups of 3-4 from same house. They made beautiful and colorful items in different shapes and sizes. The competition was held in their respective classrooms under the supervision of the class teachers. The students participated with lots of zeal and enthusiasm working in an organized manner.

Their work was judged by Ms. Rita Chakraborty and Ms. Padmalaya Ghatuary. Three groups from each section bagged first three positions.
