

INVESTITURE ASSEMBLY - PRE-PRIMARY

“Yes I Can”- The phrase itself states that whatever the situation, we stand tall to accept challenges in life. Class Prep B took up the topic for its class assembly to emphasize the importance of leadership as it was in collaboration with the investiture ceremony. The assembly began with a prayer and a message from the coordinator emphasizing on the importance of inculcating simple habits in children as following a routine, working independently, cooperating in a group to develop leadership skills at a tender age.

The topic was presented through a skit from Panchatantra which was very relatable to the theme. The children quoted present day leaders along with a song on leadership. Taking up from here, the investiture assembly commenced by awarding badges to the appointees by the Chief Guest - Ms. Anupama Dalmia, an author and creative writing mentor and Principal ma'am. The performance of the children was well appreciated by the chief guest in her concluding speech and advised the children and parents to practice reading regularly and allow children to make their own choices. Overall, the assembly showcased the smooth transition of kids into a practical world from virtual classes.
