Inter house File making Competition – Std. VII

“Waste isn't waste until we waste it.”

The Inter house File making competition for class VII was held on 25.03.2018. The theme for the event was – ‘Use of e-waste’. It was an individual activity and each student was encouraged to take part. Students took up the challenge enthusiastically and made wonderful use of waste material including e-waste. Electronic waste, i.e. CD, chips, old memory cards etc. were used to decorate the file. Children used these so effectively that the Judges had a difficult time judging the creative works.

Selection was done based on Effective use of waste material, usefulness, aesthetics, innovation and use of e-waste.

RESULT

Sl.no	Class & Section	Name of the student	House	Position
