INTER HOUSE CONTEST : MAKING A CARD

CLASS III

*“Creativity is a fine art of non-verbal communication”*

On behalf of Emerald house, the 1<sup>st</sup> inter house contest, making a card, was held on 1<sup>st</sup> April, 2016.

Students were notified through the almanac regarding the contest. They were asked to bring the materials for making a card. No specific topic was given. Children could make a card for any occasion of their choice. One hour time slot was allotted for them to use their creativity.

Children used colour / chart paper and colours. They had come well prepared and used a number of innovative techniques. Students made cards for many occasions ex., birthday cards, invitation cards, thankyou cards, cards relating to festivals and so on. Drawing and colouring was the main attraction. They used many mediums, like colour pencils, crayons, sketch pens, and water colours to decorate the cards. The outcome was beautiful yet simple and colourful cards.

The children enjoyed the contest thoroughly which was reflected as broad smiles on their innocent faces.
