

Delhi Public School, Hyderabad

Class VI Inter-House Competition – Poster Making (Environment)

Date: 22<sup>nd</sup> June 2019

*“Art does not reproduce what we see. It makes us see.”*

- Paul Klee

Our Mother Earth is currently facing a lot of environmental concerns. The environmental problems like global warming, waste disposal, water pollution, climate change and many more affect life form on planet. It is the need of the hour to create awareness about the alarming situation which now started to affect our present and future.

Our we make take

children are the torch bearers of our future. If them aware of the challenges related to environmental protection and inspire them to action we can hope to recover from a bleak

future. Delhi Public School, always strives to make its students aware of their role in keeping our and healthy. An inter-house “Poster Making” based on theme – was conducted for students of Grade VI on June 22<sup>nd</sup>, 2019.

Hyderabad as conscious and environment safe competition – ‘Environment’

Students expressed their thoughts on paper in a brilliant display of art with messages. Five best entries from each section were selected. The competition was judged by Mrs Boul Dey and Mr Anand. The first, second and third positions were given to winners from each section to acknowledge their hard work.
