

Delhi Public School, Hyderabad

Report on Field Trip to Artillery Centre.

Class V999

Date : 2nd November 2019

Students of Class V999 had the privilege to visit the Artillery Centre, Hyderabad, on 2nd November.

Students got to see, how our Jawans train themselves to be battle ready. They were visibly excited.

Soon after reaching the center around 9'0 clock, we were led to an auditorium and given an informative presentation about the Artillery Centre. Later we were divided into three groups and each group was directed to visit different areas of the centre to avoid commotion.

We visited "Ranbir Hall", the museum devoted to the gunners. Here the students got information about various wars such as First and Second World War, Indo-Pak war of 1965, 1971, Kargil war 1999 etc. The students got a chance to see and learn about the imported Air Rifles and pellets used by the Olympic shooters.

Students even learnt how the soldiers target the enemy camps and shoot using artillery guns. The trainee soldiers gave a demonstration how they set an artillery gun during a war within 1 minute. The students got a chance to check the weight of the shell used in these guns. Students got the opportunity to climb the ropes used by the soldiers and experience the hardship faced by the soldiers.

Students visited a Shiva temple. All students set aside their religion and entered the temple with respect and devotion. The final destination was the big athlete ground where the students played and enjoyed a lot. The students had the refreshments arranged for the tired DDPsites.

It was a memorable field trip for them and they enjoyed a lot.

We are thankful to Commadant, Artillery center Hyderabad and Colonel Gautam Kapoor for giving us such an opportunity and for organizing the whole trip so well.
