

DELHI PUBLIC SCHOOL, HYDERABAD
REPORT ON INTER –HOUSE CONTEST, NUMERICAL AND LOGICAL REASONING

Date: 4th August, 2016

'Numerical and Logical reasoning', an Inter House competition for grades VII witnessed its successful accomplishment on 4th August, 2016.

Numerical and Logical reasoning tests are designed to identify an individual's level of ability to reason with the information provided, in order to obtain a correct answer. These tests help to find out how well a candidate can assess numerical and logical problems.

With the objective of improving the individual analytical skill of a student, the contest was conducted in the form of pen and paper based test. Three different sets having a variety of questions were

provided in each section and students exhibited a lot of enthusiasm to comprehend the questions, work out the solutions and infer the right answer.

As a gesture of appreciation of the students' effort, toppers of individual house from every section have been awarded with certificates.
